SECTION 10.01 SCOPE

This chapter provides a set of procedures and standards for special uses of land or structures that, because of their unique characteristics, require special consideration in relation to the welfare of adjacent properties and to the community as a whole. The regulations and standards are designed to allow some practical latitude for the applicant while at the same time maintaining adequate provision for the protection of the health, safety, and general welfare of the Village of New Era. For the purposes of this Ordinance, all Special Land Uses within the various districts are subject to the conditions and standards of this Chapter. In addition, the following uses shall conform to the specific standards cited in Section 10.04, as applicable.

SECTION 10.02 APPLICATION AND REVIEW PROCEDURE

- A. An application shall be submitted through the Zoning Administrator, accompanied by:
 - 1. The payment of a fee as established by the Village Council;

These controls of this subsection are for the purpose of preventing a concentration of these uses within any one area, or to prevent deterioration or blighting of a nearby residential or other neighborhood. These controls do not legitimize activities that are prohibited in other Sections of the Zoning Ordinance.
