NON-CONFORMITIES

SECTION 4.0 EXISTING NON-CONFORMITIES

Within the Districts established by this Resolution, there exist uses of land and/or buildings which were lawful prior to the adoption of this Resolution, but which would not be permitted by the regulations imposed by this Resolution. It is the intent of this Resolution to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further the intent of this Resolution that non-conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same District.

SECTION 4.1 INCOMPATIBILITIES OF NON-CONFORMING USES

Non-conforming uses are declared by this Resolution to be incompatible with permitted uses in the Districts involved. A non-conforming use of a structure, a non-conforming use of land, or a non-conforming use of a structure and land in combination shall not be extended or enlarged after passage of this amended Resolution by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses, the nature of which would be prohibited in the District involved.

SECTION 4.2 AVOIDANCE OF UNDUE HARDSHIP

To avoid undue hardship, nothing in this Resolution shall be deemed to require a change in the plans, construction, or designated use of any buildings on which actual construction was lawfully begun prior to the effective date of this Resolution, or Amendment thereto, and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction material in permanent position and the fastening of it in a permanent manner. Where demolition or removal of an existing building has been started preparatory to rebuilding on the site such demolition or removal shall be deemed to be actual construction, provided that such work is carried out diligently.

SECTION 4.3 NON-CONFORMING USES OF LAND

Where, at the time of adoption of this Resolution; lawful use of land exists which would not be permitted by the regulations imposed by this Resolution, that use may be continued so long as it remains otherwise lawful, provided:

1. No such non-conforming use shall be enlarged, increased, or extended to occupy a greater area of land than was occupied at the effective date of adoption of this Resolution or amendment thereto, unless approved by the Board of Zoning Appeals.
2. No such non-conforming use shall be moved in whole or in part to any portion of the lot of parcel other than that occupied by such use at the effective date of adoption of this Resolution or Amendment thereto, unless approved by the Board of Zoning Appeals.

4. No additional structure not conforming to the requirements of this Resolution, shall be erected in connection with such nonconforming use of land, unless approved by the Board of Zoning Appeals.

SECTION 4.4 NON-CONFORMING SINGLE LOTS OF RECORD

In any District, in which any structure is permitted, and notwithstanding limitations imposed by other provisions of this Resolution, any structure may be erected on any single lot of record at the effective date of adoption of this Resolution or Amendment thereto. This provision shall apply even though such lot fails to meet the requirements for lot area or lot width or both that are generally applicable in the District, provided that yard dimensions and requirements, other than those applying to the area or width or both of the lot, shall conform to the regulations for the District in which such lot is located. Variances of requirements listed in Articles of this Resolution, other than lot area or lot width, may be obtained through action of the Board of Zoning Appeals as provided in Article 5.

SECTION 4.5 NON-CONFORMING STRUCTURES

Where a lawful structure exists at the effective date of adoption or amendment of this Resolution that could not be built under the terms of this Resolution by reasons of restrictions on area, lot coverage, height, bulk, yards, its location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in a way that increases its non-conformity, unless approved by the Board of Zoning Appeals.
2. Should such structure be moved for any reason, it shall thereafter conform to the regulations for the District in which it is located after it is moved, unless approved by the Board of Zoning Appeals.

SECTION 4.6 NON-CONFORMING USES OF STRUCTURES

If lawful use, involving individual structures with an assessed value of five hundred dollars (\$500.00) or more, or involving structure and premises in combination, exists at the effective date of adoption of this Resolution and would not be allowed in the District under the terms of this Resolution, the lawful use may continue so long as it remains otherwise lawful, subject to the following provisions:

1. Change To Another Non-Conforming Use: If no structure alterations are made, any non-conforming use of a structure or structure and land, upon appeal to the Board of Zoning Appeals, may be changed to another non-conforming use provided that the Board of Zoning Appeals shall find that the proposed use is equally appropriate or more appropriate to the District than the existing non-conforming use. In permitting such change, the Board of Zoning Appeals may require appropriate conditions and safeguards in accord with other provisions of this Resolution.
2. Change to a Conforming Use: Whenever a non-conforming use has been changed to a conforming use, such use shall not thereafter be changed to a non-conforming use, unless approved by the Board of Zoning Appeals.
3. Extended Use: Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption of this amended Resolution, but no such use shall be extended to occupy any land outside such building, unless approved by the Board of Zoning Appeals.

Discontinued Use: When a non-conforming use of a structure, or structure and premises in combination, is discontinued or abandoned for two (2) years, the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the District in which it is located.

In the event that such damage exceeds seventy five (75%) per cent of the market value at the time of damage, no repairs or reconstruction shall be made unless every portion of the building or structure is made to conform to all regulations for new buildings in the District in which it is located, unless approved by the Board of Zoning Appeals.
8. Vacancy: A non-conforming building, or portion thereof, which is vacant or hereafter becomes vacant and remains unoccupied for a period of twenty four (24) months, shall not be occupied thereafter except by a use that conforms to the use regulations of the District in which is located.

The procedure for deciding such questions shall be as stated in this Section and this Resolution. Under this Resolution the Board of Township Trustees shall have only the duties of considering and adopting or rejecting proposed amendments or the repeal of this Resolution as provided by law, and of establishing a schedule of fees and charges as stated in Section 6.10. Nothing in this Resolution shall be interpreted to prevent any official of Morris Township from appealing a decision of the Board of Appeals to the courts as provided in Sections 2505 and 2506 of the OHIO REVISED CODE. Any such appeal shall be made within thirty (30) days of the Board's written decision.

SECTION 5.4 PROCEDURE AND REQUIREMENTS FOR APPEALS AND VARIANCES

As specified in Section 5.2-2 on duties, the Board of Zoning Appeals has appellate jurisdiction relative to Appeals and Variances. Appeals and applications for Variances shall conform to the procedures and requirements set forth in pertinent Sections and sub-Sections of this Article.

1. Appeals: Appeals to the Board of Zoning Appeals concerning interpretation or administration of this Resolution may be taken by any person aggrieved, or by any officer of Morris Township, affected by any decision of the Zoning Inspector. Such appeal shall be taken within thirty (30) days after the decision by filing, with the Zoning Inspector and with the Board of Zoning Appeals, a notice of appeal specifying the grounds upon which the appeal is being taken. The Zoning Inspector shall transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken. All appeals to the Township Board of Zoning Appeals shall be made on the application provided by the Township.
2. Stay of Proceedings: An Appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Inspector from who the Appeal is taken certifies to the Board of Zoning Appeals, after the notice of appeal is filled with him, that by reason of facts stated in the Application, a stay

would, in his opinion, cause imminent peril to life and property. In such case proceedings shall not be stayed other than by a Restraining Order which may be granted by the Board of Zoning Appeals or by a court of record on application or on notice to the Zoning Inspector, from whom the Appeal is taken, on due case shown.

3. Variances: The Board of Zoning Appeals may authorize, upon appeal in specific cases, such variance from the terms of this Resolution as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this Resolution would result in unnecessary hardship. No non-conforming use of neighboring lands, structures, or buildings in the same district and no permitted or non-conforming use of lands, structures or buildings in other districts shall be considered grounds for issuance of a variance. Variances shall not be granted on the grounds of convenience or profit but only where strict application of the provisions of this Resolution would result in unnecessary hardship.

a. Application for Variances: A Variance from the terms of this Resolution shall not be granted by the Board of Zoning Appeals unless and until a written application for a variance is submitted to the Zoning Inspector and the Board of Zoning Appeals containing the following:

- (1). Name, address and phone number of Applicant.
- (2). Name, address and phone number of Property Owner.
- (3). Legal description and address of property.
- (4). Description of nature of Variance requested.
- (5). A narrative statement demonstrating that the requested variance conforms to the following standards:

aa. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.

bb. That a literal interpretation of the provisions of this Resolution would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Resolution.

cc. That special conditions and circumstances do not result from the actions of the applicant, property owner, or lessee.

dd. That granting the variance requested will not confer on the applicant any special privilege that is denied by this Resolution to other lands, structures, or buildings in the same district.

ee. A list of all property owners, and their mailing addresses, who are within, contiguous to, or directly across the street or road from the parcel in question and others that may have a substantial interest in the proposal.

A variance shall not be granted unless the Board of Zoning Appeals makes specific findings of fact based directly on the particular evidence presented to it, which support conclusions that the standards and conditions imposed by Subsection (5) of this Section have been met by the applicant.

- b. Supplementary Conditions and Safeguards: Under no circumstances shall the Board of Zoning Appeals grant an appeal or variance to allow a use not permissible, under the terms of this Resolution, in the district involved, or any use expressly, or by implication, prohibited in said district by the terms of this Resolution. In granting any appeal or variance, the Board of Zoning Appeals may prescribe appropriate conditions and safeguards in conformity with the Resolution. Violation of such conditions and safeguards, when made a part of the terms under which the appeal or variance is granted, shall be deemed a violation of this Resolution and punishable, under Section 6.9 on penalties, for violation of this Resolution.

- c. Public Hearing By the Board of Zoning Appeals: The Board of Zoning Appeals shall hold a public hearing within thirty (30) days after the receipt of an application for an appeal or variance from the Zoning Inspector or from an applicant.

- d. Notice of Public Hearing in Newspaper: Before holding the public hearing required in the previous sub-Section, notice of such hearing shall be given in the Newspaper of general circulation in Morris Township at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.

- e. Notice To Parties in Interest: At least ten (10) days before the required Public Hearing, written notice of such hearing shall be mailed by the Chairperson of the Board of Zoning Appeals or the Zoning Inspector, by first class mail, to all parties in interest. The notice shall contain the same information as required of notices published in the newspaper as specified in the previous Section.
- f. Action By the Board of Zoning Appeals: Within thirty (30) days after the Public Hearing required in previous Sections, the Board of Zoning Appeals shall either approve, approve with supplementary conditions as specified in Subsection b., or disapprove the request for appeal or variance. The Board of Zoning Appeals also shall make a finding that the reasons set forth in the application justify the granting of the variance that will make possible a reasonable use of land, building or structure. Appeals from board decisions shall be made in the manner specified in Section 5.3 on Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority, and Courts on Matters of Appeal.
- g. Approval of the Minutes of the Board of Zoning Appeals: The Chairman of the Board of Zoning Appeals shall meet with the Zoning Inspector within a reasonable amount of time (within 30 days) to approve the minutes of such hearing and/or meeting at which a decision was made concerning any matter of appeal or variance.
- h. Zoning Map and Zoning Book of Records: Zoning Inspector shall mark the zoning map and enter the information in the Zoning Book of Records.

2. General Standards Applicable to Conditional Uses: In consideration of all applicants for conditional uses, the Board of Zoning Appeals shall review each case individually as to its applicability to the following standards so that the proposed conditional use:
 - a. is in fact a conditional use as established under the provisions of the Articles on District Regulations and appears on the official schedule of District Regulations for the Zoning District involved.

 - h. is so designed, located and proposed to be operated that public health, safety, morals and welfare will be protected.
3. Supplementary Conditions and Safeguards: In granting any conditional use permit, the board may prescribe appropriate conditions and safeguards in conformity with this Resolution. Violations of such conditions and safeguards, when made a part of the terms under which the conditional use is granted, shall be deemed a violation of this Resolution and punishable under Section 6.9 of this Resolution.
 4. Procedures for Hearing and Notices: Upon receipt of an application, for a conditional use permit specified in Section 5.4 -3 c, d and e, the Board shall hold a public hearing, publish notice thereof in a newspaper, and give written notice to all parties in interest according to the procedures specified in Sections on hearings and notices.
 5. Action By The Board of Zoning Appeals: Within thirty (30) days after the public hearing required in the previous Section, the Board shall either approve, approve with supplementary conditions, or disapprove the application as presented. If the application is approved or approved with modifications, the Board shall direct the Zoning Inspector to issue a conditional use permit listing the specific conditions specified by the Board for approval. If the application is disapproved by the Board, the applicant may seek relief through the Court of Common Pleas. Appeals from the Board decisions shall be made in the manner specified in Section 5.3 on this Article on "Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority and Courts on Matters of Appeal".

DISTRICTS, ZONING MAP, AND GENERAL REQUIREMENTS

SECTION 7.0 DISTRICTS

The unincorporated portions of Morris Township are hereby divided into the following districts:

Flood Plain Overlay District	FP
Agricultural-Residential District	AG/R
Low-Density Residential District	R-1
Medium-Density Residential District	R-2
General Business District	B-1
Highway-Oriented Business District	HOB

The boundaries of these districts are shown on the map entitled "Official Zoning Map of Morris Township, 1986" and as amended in 1994 which accompanies this Resolution and is hereby declared to be an integral part of this Resolution and hereby adopted as part of this Resolution. For the interpretation of this Resolution, the Zoning Districts have been formulated to realize the general purposes as set forth in the "Preamble". In addition, the specific purposes of each Zoning District shall be stated hereafter in the Regulations for each District.

SECTION 7.1 OFFICIAL ZONING MAP

The Official Zoning Map shall be maintained and kept on file in the office of the Morris Township Board of Trustees and all notations, references, data and other information shown thereon are a part of this Resolution and have the same force and effect as if the Zoning Map and all such notations, references, data, and other information shown thereon were fully set forth herein. The Official Zoning Map shall be identified by the signature of the Chairman of the Morris Township Board of Trustees, attested by the Township Clerk, and shall show thereon the date of its enactment.

SECTION 7.2 DISTRICT BOUNDARIES

Where there is uncertainty as to the boundaries of any Zoning District shown on the Official Zoning Map, the following shall apply:

1. Where district boundaries are indicated as approximately following the centerlines of thoroughfares or highways, street lines, or highway right-of-way lines, such centerlines, street lines, or highway right-of-way lines shall be construed to be such boundaries.
2. Where district boundaries are so indicated that they approximately follow the lot lines, such lot lines shall be construed to be said boundaries.
3. Where district boundaries are so indicated that they are approximately parallel to the centerlines or right-of-way lines of highways, such district boundaries shall be construed as being parallel thereto and at such distance therefrom as indicated on the Official Zoning Map. If no distance is given, such dimensions shall be determined by the use of the scale shown on the Official Zoning Map.
4. Where the boundary of a district follows a railroad line, such boundary shall be deemed to be located in the middle of the main tracks of said railroad line.
5. Where the boundary of a district follows a stream, lake or other body of water, said boundary line shall be deemed to be at the limit of the jurisdiction of the Township unless otherwise indicated.
6. In the case of the official vacation of a road, street, alley, watercourse or the right-of-way, the abutting zoning classifications on the centerline of said vacated road, street, alley, watercourse or waterway shall apply and the boundaries of the district or districts affected shall be automatically adjusted to encompass the right-of-way or lands thus vacated. Such reverted lands shall thenceforth be subject to all regulations of the extended district or districts.
7. Where boundaries appear to approximately follow such lines as indicated above or appear to be not more than ten (10) feet therefrom, such lines shall be interpreted to be the boundary unless specifically shown otherwise.

SECTION 7.3 CHANGES IN BOUNDARIES AND CLASSIFICATION

Changes in District boundaries and classifications, approved in accordance with the procedures set forth in Article 18, shall be made on the Official Zoning Map within twenty (20) days of enactment of such modification.

SECTION 7.4 COMPLIANCE WITH REGULATIONS

The regulations for each District as set forth in this Resolution shall be minimum regulations and shall apply uniformly to each class or kind of land or structure except as hereinafter provided:

1. No land, building or structure shall be used or occupied, and no building, structure, or part thereof shall be erected, reconstructed, moved or structurally altered except in conformity with all of the Regulations specified herein for the District in which it is located.

Yards or lots created after the effective date of this Resolution shall meet, at least, the minimum requirements set forth within this Resolution.

SECTION 7.5 GENERAL REQUIREMENTS

The following general requirements shall be applicable to all Zoning Districts in Morris Township:

1. No land or open space, exclusive of lands devoted to agricultural purposes, shall be allowed, after July 15 and September 15, to remain unmown or otherwise unkept, so as to permit the uncontrolled growth of noxious weeds.
2. No lot, yard, or open space shall be used, at any time, as a place where junk, waste, discarded or salvaged material is accumulated in such manner as to be unsightly, as to detract significantly from the local environment, and/or provide a haven for vermin or small rodents.

SECTION 7.6 OFFICIAL SCHEDULE OF DISTRICTS REGULATIONS ADOPTED

District regulations shall be as set forth in the Official Schedule of District Regulations hereby adopted and declared to be part of this Resolution and in Article 13 of this Resolution, "Supplementary District Regulations." District Regulations for PUD District shall be those specified in Article 17 of this Resolution.

SECTION 7.7 INTENT OF DISTRICT REGULATIONS

It is the intent of these regulations to set forth within the District Regulations the permitted uses, the conditionally permitted uses, the general requirements of the District, and other regulations as they pertain in general to each Zoning District. Conditionally permitted uses are in addition to the permitted uses in each District and as such are governed by Article 4, Article 5 and other Articles of this Resolution. Rules, regulations, requirements, standards, Articles, and/or Sections not specifically included for each District but which are contained in these Regulations and which are applicable to each District or use shall be applied as if stated in full in Articles 8 through 12, inclusively, of these Regulations. ARTICLE 8

ZONING REGULATIONS FOR FLOOD PLAIN OVERLAY DISTRICT

SECTION 8.0 PURPOSE

It is purpose of this Article to promote the public health, safety, and general welfare and to minimize losses resulting from periodic inundation of flood waters in Morris Township by restricting or prohibiting uses which are dangerous to health, safety and property in time of flooding or uses that cause excessive increases in flood height or velocities, requiring that uses vulnerable to floods be protected from flood damage at time of initial construction, controlling the filling, grading, dredging, dredging, and other development that may increase flood damage, and controlling the alteration of natural flood plains, stream channels, and natural protective barriers that are involved in the accommodation of flood waters.

SECTION 8.1 FINDING OF FACT

The flood hazard areas of Morris Township are subject to periodic inundation which may result in loss of life and property, hazards to health and safety, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety, and general welfare. These flood losses are caused by:

1. The cumulative effect of obstruction in flood plains, causing increased flood heights and velocities.
2. The occupancy of flood hazard areas by uses vulnerable to floods and which are not adequately elevated or protected from flood damage.

SECTION 8.2 APPLICABLE LANDS

This Article shall apply to all lands within the Township boundaries shown on the Official Zoning Map within the boundaries of floodway, or floodway fringe, as identified by the Knox County Flood Maps, and any revision thereto as adopted by reference and declared to be part of this Resolution.

SECTION 8.3 OVERLAY DISTRICT DESIGNATION

The areas of floodway or floodway fringe identified on the Official Zoning Map shall be shown as an Overlay District. This Overlay District shall be designated as the Flood Plain Overlay (FP) District.

Those areas within the Flood Plain Overlay District designated as floodway on the Official Zoning Map shall be subject to all the requirements of the Flood Plain Overlay District, as well as those specific Sections that address the floodway.

The Flood Plain Overlay (FP) District shall be superimposed over the Official Zoning Map. The underlying Zoning District, as shown on the Official Zoning Map, shall hereafter be called the Base District. Uses and requirements governing the Flood Plain Overlay District are more restrictive than those of the Base District; the provisions of this Article shall supersede those of the Base District.

SECTION 8.4 INTERPRETATION OF BOUNDARIES

When disagreement exists as to the boundaries of the Flood Plain Overlay District of the floodway, those boundaries shall be interpreted to be the boundaries of the floodway and floodway fringe as shown on the Knox County Flood Maps. Disagreement as to boundaries of the flood hazard areas will be resolved by the procedures outlined in the Knox County Flood Damage Reduction Regulations, and not the Morris Township Board of Zoning Appeals.

SECTION 8.5 WARNING AND DISCLAIMER OF RESPONSIBILITY

The degree of flood protection required by this Resolution is considered reasonable for regulatory purposes. Larger floods may occur or flood heights may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. This Resolution does not imply that areas outside the Flood Plain Overlay District boundaries or land uses permitted within such district will be free from flooding or flood damages. This Resolution shall not create liability on the part of Morris Township, Knox County, or any officer or employee thereof for any flood damages that result from reliance on this Article or any administrative decision lawfully made thereunder.

SECTION 8.6 COMPLIANCE

Unless specifically exempted as stated in Section 4.2 of the Knox County Flood Damage Prevention Regulations, no structure or land shall hereafter be located, extended, converted, or structurally altered without full compliance with the terms of this Article and other applicable Resolutions of the Township and Knox County.

SECTION 8.7 ABROGATION

This Section is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this Article and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION 8.8 FLOOD PLAIN USAGE

All structures or uses to be located in the Flood Plain Overlay District shall comply with the requirements of the Morris Township Zoning Resolution and the Knox County Flood Damage Reduction Regulations and amendments or revisions thereto.

SECTION 8.9 OTHER REQUIREMENTS

Any buildings, structures, or land uses to be located in an identified flood hazard area shall comply with the requirements of the Knox County Flood Damage Reduction Regulation adopted by the Knox County Commissioners.

1. Change to Non-Flood Plain District: Changes of district classification from Flood Plain Overlay District to any other classification provided by this Resolution may be initiated in accordance with the requirements of this Resolution; provided that the applicant can show that any flood condition existing at the time the Flood Plain Overlay District was originally established does no longer exist and that the area in question is now reasonably well protected from floods for the intended purpose and occupancy. Prior to recommending a change of zoning to the Township Trustees, the Township Zoning Commission shall obtain certification from the Knox County Planning Commission, or the agency or department administering the Flood Hazard Prevention Regulations, that the area proposed to be removed from the Flood Plain Overlay District is free from inundation from a 100-year flood event, and the amendment procedures of Article 13 have been followed.

SECTION 8.10 REQUIRED LOT AREA, LOT WIDTH, HEIGHT, PARKING, YARDS, AND SIGNS

The lot area, lot width, building height, parking, yards, and sign requirements shall comply with the Base District requirements as outlined in Section 8.3 of this Article.

Any proposed lot for the residential use shall comply with the Knox County Board of Health and Knox County Subdivisions Regulations. Any structure intended for four-family residential, commercial, or industrial land use shall comply with the Ohio Environmental Protection Agency, or any other appropriate authority regulations.

ARTICLE 18

PLANNED UNIT DEVELOPMENT

SECTION 18.0 PURPOSE

The intent of this Section is to provide, in the case of Planned Unit Developments (PUDs), an added degree of flexibility in the placement, bulk and interrelationship of buildings and land uses within a planned project and the implementation of new design concepts, while at the same time maintaining a reasonable ratio of required floor area to units of land area. A maximum choice of living environments by allowing a variety of housing and permitting an increased density per acre and a reduction in lot dimensions, yards, building setbacks and area requirements in a Planned Unit Development, is permitted in any Residential Zoning District as a means of attaining a more efficient use of land than is generally achieved through conventional development.

SECTION 18.1 AUTHORIZATION

Subject to the foregoing statement of intent, the Board of Trustees of Morris Township, with the advisory assistance of the Zoning Commission and the Knox County Regional Planning Commission, may grant a special exception for a Planned Unit Development, but only after notice and public hearing as prescribed by law.

SECTION 18.2 PROVISIONS GOVERNING PLANNED UNIT DEVELOPMENTS

Because of the special characteristics of Planned Unit Developments, special provisions governing the development of land for this purpose are required. Whenever there is a conflict or difference between the provision of this Section and those of other Articles of this Resolution, the provisions of this Section shall prevail. Subjects not covered by this Section shall be governed by the respective provisions found elsewhere in this Resolution.

SECTION 18.3 APPLICATION AND PROCEDURE

Upon approval by the Knox County Regional Planning Commission, Zoning Commission, and the Board of Trustees, a Planned Unit Development District may be applied to portions of any existing Residential Zoning District. Upon approval of a final development plan, the Official Zoning Map shall be annotated for the land area involved so that the district name includes the notation "PUD". Planned Unit Development Districts shall be approved by the Zoning Commission and the Board of Trustees in the manner set forth in the following Sections.

SECTION 18.4 REQUIREMENTS AND LIMITATIONS

The following requirements and limitations shall prevail in the considerations and design procedures followed in developing a preliminary plan for a Planned Unit Development:

- a. Uses Permitted: Compatible residential, commercial, public, and quasi-public uses may be combined in PUD Districts provided that the proposed location of the commercial use will not adversely affect adjacent property, and/or public health, safety, and general welfare.
- b. Project Ownership: The project land may be owned, leased, or controlled by a single person or corporation or by a group of individuals or corporations. Such ownership may be a public or private corporation.
- c. Minimum Project Area: The gross area of a tract of land to be developed in a Planned Unit Development District shall be a minimum of twenty (20) acres. When the Planned Unit Development proposes a mixture of residential uses and commercial uses, the Zoning Commission may limit the development of not more than eight (8) percent of the tract to commercial uses. A minimum of twenty (20) percent of the land shall be reserved for common open space and recreational facilities for the residents or users of the area being developed.
- d. Disposition of Open Space: The required amount of common open space land reserved under a Planned Unit Development shall either be held in corporate ownership by owners of the project area or the use of each owner who buys property within the development or be dedicated to Morris Township and retained as common open space for parks, recreation, and

related uses. The responsibility for the maintenance of all open spaces shall be specified by the developer before the approval of the final development plan.

- e. Utility Requirements: Underground, utilities, including telephone and electrical systems, are required within the limits of all Planned Unit Developments. Appurtenances to these systems which can be effectively screened may be excepted from this requirement if the Zoning Commission finds that such exception will not violate the intent of character of the proposed PUD.
- f. Minimum Lot Size: Lot area per dwelling unit may be reduced by not more than sixty (60%) percent of the minimum lot area required in the official District regulations. A diversification of lot sizes is encouraged. Lot widths may be varied to allow for a variety of structural designs. Setbacks, also, may be varied for this purpose.
- g. Lots to Abut upon Common Open Space: Every property developed under the planned unit development approach should be designed to abut upon common open space or similar areas. A clustering of dwellings is encouraged. In areas where town houses or condominiums are used, there shall be no more than six (6) such units in any contiguous group.
- h. Height Requirements: For each foot of building height over the maximum height specified in District Regulations, the distance between such buildings and the side and rear property lines of the PUD project area shall be increased by a one (1) foot addition to the side and rear yards required in the District.
- i. Parking: Off-street parking, loading, and service areas shall be provided in accordance with Article 4. However, off-street parking and loading areas shall not be permitted within fifteen (15) feet of any residential use.
- j. Perimeter Yards: Notwithstanding the provisions of this Section, every lot abutting the perimeter of the Planned Unit Development District shall maintain all yard requirements specified in the Official District Regulations as applicable.
- k. Arrangement of Commercial Uses: When Planned Unit Development Districts include commercial uses, commercial buildings and establishments shall be planned as groups having common parking areas and common ingress and egress points. Planted screens or fences shall be provided on the perimeter of the commercial areas abutting residential areas.
- l. Internal Traffic and Landscaping: The plan of the PUD project shall provide for the integrated and harmonious design of buildings, and for adequate and properly arranged facilities for internal traffic circulation, landscaping, and such other features and facilities as may be necessary to make the project attractive and efficient from the standpoint of adjoining and surrounding non-commercial areas.
- m. Expansion Areas: All areas designed for future expansion or not intended for immediate improvement or development shall be landscaped or otherwise maintained in a neat and orderly manner as specified by the Zoning Commission.

SECTION 18.5 PROCEDURE FOR APPROVAL OF PUD DISTRICT

Planned Unit Development Districts shall be approved in accordance with the procedures in the following sub-Sections:

SECTION 18.6 FINAL DEVELOPMENT PLAN

After approval in principal of the preliminary development plan, the developer shall submit a final development plan to the Zoning Commission. If a second public hearing is held, notice shall be given as specified in Subsections 5d and 5e above.

SECTION 18.10 RECOMMENDATION BY ZONING COMMISSION

Within sixty (60) days after receipt of the final development plan the Zoning Commission shall recommend to the Board of Trustees that the final development plan be approved as submitted, approved with supplementary conditions, or disapproved. The Zoning Commission shall transmit all papers constituting the record and the recommendations to the Board of Trustees.

In making its recommendation, as required in Subsection 10 above, the Zoning Commission shall find that the facts submitted with the application and presented at the hearing establish that:

- a. The proposed development can be initiated within five (5) years of the date of approval.
- b. Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained.
- c. The uses proposed will not be detrimental to present and potential surrounding uses, but will have a beneficial effect that could not be achieved under the standard district regulations.
- d. The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic, and increased densities will not generate traffic in such amounts as to overload the existing network of thoroughfares outside the PUD.
- e. Proposed commercial developments can be justified at the locations proposed.
- f. An exception from the standard district requirements is warranted by the design and other favorable features incorporated in the final development plan.

- g. The area surrounding said development can be planned and developed in coordination and substantial compatibility with the proposed development.
- h. The existing and proposed utility services are adequate for the population densities and non-residential uses proposed.

SECTION 18.12 SUPPLEMENTARY CONDITIONS AND SAFEGUARDS

Within sixty (60) days after receipt of the recommendations of the Zoning Commission the Board of Trustees shall, by Resolution, either approve, approve with supplementary conditions, or disapprove the application as presented. If the application is either approved or approved with conditions, the Board of Trustees shall direct the Zoning Inspector to issue Zoning Permits only in accordance with the approved final development plan and supplementary conditions attached thereto.

SECTION 18.14 EXPIRATION AND EXTENTION OF APPROVAL PERIOD

The approval of a final development plan for a Planned Unit Development District shall be for a period not to exceed five (5) years to allow for preparation and recording of the required subdivision plat and the development of the project. If no construction has begun within five (5) years after approval is granted, the approved final development plan shall be void and the land shall revert to district regulations in which it is located. An extension of the time limit or modification of the approved final development plan may be approved if the Zoning Commission finds such extension or modification is not in conflict with the public interest.

SECTION 18.15 REVOCATION OF APPROVAL

When it is found that the construction of the Planned Unit Development is not in conformance with the approved final development plan, the Board of Trustees shall give the applicant notice of intent to revoke such permit at least ten (10) days prior to review of the permit by the Board of Trustees. After conclusion of such review, the Board of Trustees may revoke its approval of the Planned Unit Development if the Trustees feel that a violation, in fact, does exist and has not been remedied prior to the review and no plan for remedial action has been offered by the applicant.
