Meetings shall be held at the call of the Chairperson and at such other times as the Board may determine. The Chairperson, or in his absence, the acting Chairperson, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact and shall keep records of its examinations and other official actions, all of which shall be a public record and immediately filed in the office of the Board.
2. Duties of the Board of Zoning Appeals: In exercising its duties, the Board may, as long as such action is in conformity with the terms of this Resolution, reverse or affirm, wholly or partly, or modify the order, requirements or determinations appealed from and make such order, requirement, or determination as ought to be made, and to that end shall have the powers of the Zoning Inspector from whom the appeal is taken. The concurring vote of three (3) members of the Board shall be necessary to reverse any order, requirement or determination of the Zoning Inspector, or to decide in favor of the applicant on any matter upon which the Board is required to pass under this Resolution, or to effect any variation in the application of this Resolution. For the purpose of this Resolution, the Board has the following responsibilities:
 - a. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, interpretation or determination made by the Zoning Inspector.
 - b. To authorize such variances from the terms of this Resolution as will not be contrary to the public interest, where, owing to the special conditions a literal enforcement of this Resolution will result in unnecessary hardship, and so that the spirit of this Resolution shall be observed and substantial justice done.
 - c. To grant conditional use permits as specified in the official schedules of district regulations and under the conditions specified in the district regulations and such additional safeguards as will uphold the intent of this Resolution.

SECTION 5.3 DUTIES OF ZONING INSPECTOR, BOARD OF ZONING APPEALS. LEGISLATIVE AUTHORITY AND COURTS ON MATTERS OF APPEAL

It is the intent of the Resolution that all questions of interpretation and enforcement shall be first presented to the Zoning Inspector, and that such questions shall be presented to the Board of Zoning Appeals only on appeals from the decision of the Zoning Inspector, and the recourse from decisions of the Board shall be to the courts as provided by law. It is further the intent of the Resolution that the duties of the Board of Township Trustees in connection with this Resolution shall not include hearing and deciding questions of interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in this section and this Resolution. Under this Resolution the Board of Township Trustees shall have only the duties of considering and adopting or rejecting proposed amendments or the repeal of this Resolution as provided by law, and of establishing a schedule of fees and charges as stated in Section 6.10. Nothing in this Resolution shall be interpreted to prevent any official of Pleasant Township from appealing a decision of the Board of Appeals to the courts as provided in Chapters 2505 and 2506 of the Ohio Revised Code. Any such appeal shall be made within thirty (30) days of the Board's written decision.

SECTION 5.4 PROCEDURE AND REQUIREMENTS FOR APPEALS AND VARIANCES

As specified in Section 5.2-2 on duties, the Board of Zoning Appeals has appellate jurisdiction relative to Appeals and Variances. Appeals and applications for Variances shall conform to the procedures and requirements set forth in pertinent sections and sub-sections of this Article.

1. Appeals: Appeals to the Board of Zoning Appeals concerning interpretation or administration of this Resolution may be taken by any person aggrieved, or by any officer of Pleasant Township, affected by any decision of the Zoning Inspector. Such appeal shall be taken within twenty (20) days after the decision by filing, with the Zoning Inspector and with the Board of Zoning Appeals, a notice of appeal specifying the grounds upon which the appeal is being taken. The Zoning Inspector shall transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken. All appeals to the Township Board of Zoning Appeals shall be made on the application provided by the Township.
2. Stay of Proceedings: An Appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Inspector from whom the Appeal is taken certifies to the Board of Zoning Appeals, after the notice of appeal is filed with him, that by reason of facts stated in the Application, a stay would in his opinion cause imminent peril to life and property. In such case proceedings shall not be stayed other than by a Restraining Order which may be granted by the Board of Zoning Appeals or by a court of record on application or on notice to the Zoning Inspector, from whom the Appeal is taken, on due cause shown.
3. Variances: The Board of Zoning Appeals may authorize, upon appeal in specific cases, such variance from the terms of this Resolution as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this Resolution would result in unnecessary hardship. No non-conforming use of neighboring lands, structures, or buildings in the same district and no permitted or non-conforming use of lands, structures or buildings in other districts shall be considered grounds for issuance of a variance. Variances shall not be granted on the grounds of convenience or profit but only where strict application of the provisions of this Resolution would result in unnecessary hardship.
 - a. Application for Variances: A Variance from the terms of this Resolution shall not be granted by the Board of Zoning Appeals unless and until a written application for a variance is submitted to the Zoning Inspector and the Board of Zoning Appeals containing the following:
 - (1). Name, address, and phone number of Applicant.
 - (2). Name, address, and phone number of Property Owner.
 - (3). Legal description and address of property.
 - (4). Description of nature of Variance requested.
 - (5). A narrative statement demonstrating that the requested variance conforms to the following standards:
 - aa. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.
 - bb. That a literal interpretation of the provisions of this Resolution would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Resolution.
 - cc. That special conditions and circumstances do not result from the actions of the applicant, property owner, or lessee.
 - dd. The granting the variance requested will not confer on the applicant any special privilege that is denied by this Resolution to other lands, structures, or buildings in the same district.
 - ee. A list of all property owners and their mailing addresses, who are within, contiguous to, or directly across the street or road

from the parcel(s) in question and others that may have a substantial interest in the proposal.

A variance shall not be granted unless the Board of Zoning Appeals makes specific findings of fact based directly on the particular evidence presented to it, which support conclusions that the standards and conditions imposed by subsection (5) of this section have been met by the applicant.

- b. Supplementary Conditions and Safeguards: Under no circumstances shall the Board of Zoning Appeals grant an appeal or variance to allow a use not permissible, under the terms of this Resolution, in the district involved, or any use expressly, or by implication, prohibited in said district by the terms of this Resolution. In granting any appeal or variance, the Board of Zoning Appeals may prescribe appropriate conditions and safeguards in conformity with this Resolution. Violation of such conditions and safeguards, when made a part of the terms under which the appeal or variance is granted, shall be deemed a violation of this Resolution and punishable, under Section 6.9 on penalties, for violation of this Resolution.
- c. Public Hearing by the Board of Zoning Appeals: The Board of Zoning Appeals shall hold a public hearing within twenty (20) days after the receipt of an application for an appeal or variance from the Zoning Inspector or from an applicant.
- d. Notice of Public Hearing in Newspaper: Before holding the public hearing required in the previous sub-section, notice of such hearing shall be given in the Newspaper of general circulation in Pleasant Township at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.
- e. Notice to Parties In Interest: At least ten (10) days before the required Public Hearing, written notice of such hearing shall be mailed by the Chairperson of the Board of Zoning Appeals, by first class mail, to all parties in interest. The notice shall contain the same information as required of notices published in newspapers as specified in the previous section.
- f. Action by the Board of Zoning Appeals: Within thirty (30) days after the Public Hearing required in previous sections, the Board of Zoning Appeals shall either, approve, approve with supplementary conditions as specified in Subsection b., or disapprove the request for appeal or variance. The Board of Zoning Appeals also shall make a finding that the reasons set forth in the application justify the granting of the variance that will make possible a reasonable use of the land, building or structure. Appeals from Board decisions shall be made in the manner specified in Section 5.3 on Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority, and Courts on Matters of Appeal.
- g. Approval of the Minutes of the Board of Zoning Appeals: The Board of Zoning Appeals shall meet within a reasonable amount of time (within 30 days) to approve the minutes of such hearing and/or meeting at which a decision was made concerning any matter of appeal or variance.

SECTION 5.5 PROCEDURES AND REQUIREMENTS FOR CONDITIONAL USE PERMITS

It is recognized that an increasing number of new kinds of uses are appearing dally, and that many of these and some other more conventional uses possess characteristics of unique and special nature relative to location, design, size, method of operation, traffic circulation, and public utilities, and that each specific use must be considered individually. These specific uses as they are conditionally permitted under the provisions of the Articles on District Regulations shall follow the procedures and requirements set forth in the following sections:

1. Contents of Application for Conditional Use Permit: An application for conditional use permit shall be filed with the Chairman of the Board of Zoning Appeals by at least one owner or lessee of property for which such

conditional use is proposed. At a minimum the application shall contain the following information:

- a. Name, address, and phone number of the applicant.
 - b. Legal description and/or address of property.
 - c. Description of existing use.
 - d. Zoning District.
 - e. Description of proposed conditional use.
 - f. A plan of the proposed site for the conditional use permit showing the location of all buildings, parking and loading area, traffic access and traffic circulation, open spaces, landscaping, refuse and service area, utilities, signs, yards and such other information as the Board may require to determine if the proposed conditional use meets the intent and requirements of this Resolution.
 - g. A narrative statement evaluating the effects on adjoining property, the effect of such elements as noise, glare, odor fumes and vibration on adjoining property; a discussion of the general compatibility with adjacent and other properties in the District; and the relationship of the proposed use to the overall plan for Pleasant Township.
2. General Standards Applicable To Conditional Uses: In consideration of all applications for conditional uses, the Board of Zoning Appeals shall review each case individually as to its applicability to the following standards so that the proposed conditional use:
- a. is in fact a conditional use as established under the provisions of the Articles on District Regulations and appears on the official schedule of District Regulations for the zoning district involved.
 - b. will be of such location, size and character that it will be in harmony with the appropriate and orderly development of the surrounding neighborhood and applicable regulations of the Zoning District in which it is located.
 - c. will not be hazardous or disturbing to existing or future neighboring uses.
 - d. is necessary for the public convenience at that location.
 - e. will not create excessive additional requirements at public cost for public facilities and services such as highways, streets, police and fire protection, drainage structures, water and sewer facilities, and schools and will not be detrimental to the economic welfare of the community.
 - f. will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any person's property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare, or odors.
 - g. will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares.
 - h. is so designed, located, and proposed to be operated that public health safety, morals, and welfare will be protected.
3. Supplementary Conditions and Safeguards: In granting any conditional use permit, the Board may prescribe appropriate conditions and safeguards in conformity with this Resolution. Violations of such conditions and safeguards, when made a part of the terms under which the conditional use is granted, shall be deemed a violation of this Resolution and punishable under Section 6.9 of this Resolution.
4. Procedures for Hearing and Notices: Upon receipt of an application, for a conditional use permit specified in Section 5.4 -3 c, d, and e, the Board shall hold a public hearing, publish notice thereof in a newspaper, and give written notice to all parties in interest according to the procedures specified in sections on hearings and notices.
5. Action by the Board of Zoning Appeals: Within thirty (30) days after the public hearing required in the previous Section, the Board shall either, approve, approve with supplementary conditions, or disapprove the application as presented. If the application is approved or approved with modifications, the Board shall direct the Zoning Inspector to issue a conditional use permit listing the specific conditions specified by the Board for approval. If the application is disapproved by the Board, the

applicant may seek relief through the Court of Common Pleas. Appeals from Board decisions shall be made in the manner specified in Section 5.3 of this Article on "Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority and Courts on Matters of Appeal."

6. Approval of the Minutes of the Board of Zoning Appeals: The Board of Zoning Appeals shall meet within a reasonable amount of time (within 30 days) to approve the minutes of such hearing and/or meeting at which a decision was made concerning any matter of appeal, variance or conditional use.
7. Expiration of Conditional Use Permit: A conditional use permit shall be deemed to authorize only one particular conditional use and said permit shall automatically expire if, for any reason, the conditional use shall cease for more than two (2) years.

ARTICLE 6 ENFORCEMENT, PENALTIES AND FEES

SECTION 6.0 ZONING PERMITS REQUIRED

No building or other structure shall be erected, moved, structurally altered, nor shall any land be changed in use or any building established or changed in use without a zoning permit, therefore, issued by the Pleasant Township Zoning Inspector. Such permits shall be issued only in conformity with the provisions of this Resolution unless the Zoning Inspector receives a written order from the Board of Zoning Appeals deciding an appeal, conditional use or variance or from the Board of Township Trustees approving a Planned Unit Development as provided by this Resolution.

SECTION 6.1 CONTENTS OF APPLICATION FOR ZONING PERMIT

The application for a Zoning Permit shall be signed by the owner or applicant attesting to the truth and exactness of all information supplied on the application. Each application shall clearly state that the permit shall expire and may be revoked if work has not begun within one (1) year or substantially completed within two and one half (2 1/2) years. The application shall contain, at a minimum, the following information:

1. Name, address, and phone number of applicant.
2. Legal description and/or address of property.
3. Existing use.
4. Proposed use.
5. Zoning District.
6. Plans in triplicate drawn to scale, showing the actual dimensions and the shape of the lot to be built upon, the exact size and location of existing buildings on the lot, if any, and the location and dimensions of the proposed building (s) or alterations; Plus cost estimates for the work.
7. Building heights.
8. Number of off-street parking spaces or loading berths.
9. Number of dwelling units.
10. Such other matters as may be necessary to determine conformance with, and provide for enforcement of this Resolution.

SECTION 6.2 APPROVAL OF ZONING PERMITS

Within thirty (30) days after receipt of an application, the Zoning Inspector shall either approve or disapprove the application in conformance with the provisions of this Resolution. Where a permit is requested for any dwelling, including a manufactured home, or other building involving the disposal of sanitary wastes and/or water supply facilities, a permit for such disposal and water supply facilities from the Knox County Health Department and/or other appropriate authority for sanitary sewer approval shall be required before issuing a zoning permit. All zoning permits, also, shall be conditioned upon the commencement of the work within one (1) year. One copy of the plans shall be returned to the applicant by the Zoning Inspector, after the Zoning Inspector shall have marked such copy either as approved or disapproved and attested to same by his signature on such copy. One copy of the plans, similarly marked, shall be retained by the Zoning Inspector. The Zoning Inspector shall issue a placard, to be posted in a conspicuous place on the property in question, attesting to the fact that the use or alteration is in conformance with the provisions of this Resolution.

SECTION 6.3 SUBMISSION TO OHIO DIRECTOR OF TRANSPORTATION

Before the zoning permit is issued affecting any land within three hundred (300) feet of the centerline of a proposed new highway or a highway for which changes are proposed as described in certification to local officials by the Director of Transportation or any land within a radius of five hundred (500) feet from the point of intersection of said centerline with any public road or highway, the Zoning Inspector shall give notice, by registered mail, to the Director of Transportation that he shall not issue a zoning permit for one hundred and twenty (120) days from the date the notice is received by the Director of Transportation. If the Director of Transportation notifies the Zoning Inspector that he shall proceed to acquire land needed, then the Zoning

Inspector shall refuse to issue the zoning permit. If the Director of Transportation notifies the Zoning Inspector that acquisition at this time is not in the public interest or upon the expiration of the one hundred and twenty (120) day period or any extension thereof agreed upon by the Director of Transportation and the property owner, the Zoning Inspector shall, if the application is in conformance with all provisions of this Resolution, issue the zoning permit.

SECTION 6.4 EXPIRATION OF ZONING PERMIT

If the work described in any zoning permit has not begun within one (1) year from the date of issuance thereof, said permit shall expire, it shall be revoked by the Zoning Inspector and written notice thereof shall be given to the persons affected. If the work described in any zoning permit has not been substantially completed within two and one half (2.5) years after issuance thereof, said permit shall expire and be revoked by the Zoning Inspector, and written notice thereof shall be given to the persons affected, together with notice that further work as described in the cancelled permit shall not proceed unless and until a new zoning permit has been obtained or extension granted.

SECTION 6.5 CERTIFICATE OF OCCUPANCY

It shall be unlawful to use or occupy or permit the use or occupancy of any building or premises, or both, or part thereof, hereafter created, erected, changed, converted, or wholly or partly altered or enlarged in its use or structure, until a certificate of occupancy shall have been issued therefore by the Zoning Inspector. The holder of every zoning permit for the construction, erection, repair, alteration, or moving of any building, structure or part thereof, shall notify the Zoning Inspector, immediately upon the completion of the work authorized by such permit, for a final inspection. When such inspection shows that the work proposed in the zoning permit has been substantially completed and that the proposed use of the building or land conforms to the requirement of this Resolution, the Zoning Inspector shall issue a certificate of occupancy. A temporary certificate of occupancy may be issued by the Zoning Inspector for a period not exceeding six (6) months during alterations or partial occupancy of a building pending its completion.

SECTION 6.6 RECORD OF ZONING PERMITS AND CERTIFICATES

The Zoning Inspector shall maintain a record of all zoning permits and certificates of occupancy and copies thereof shall be made available to any person upon request.

1. Failure to obtain a zoning permit or certificate of occupancy.
2. Actual use, arrangement or construction contrary to, or different from, that authorized in zoning permits or certificates of occupancy issued on the basis of plans and applications approved by the Zoning Inspector.

SECTION 6.8 COMPLAINTS REGARDING VIOLATIONS

Whenever a violation of this Resolution occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Zoning Inspector together with a written statement, signed by the complaining person, showing that party's willingness to testify in court if requested.

SECTION 6.9 PENALTIES FOR VIOLATION

Violation of the provisions of this Resolution or failure to comply with any of its requirements, including violations of conditions and safeguards established in various sections of this Resolution, shall constitute a misdemeanor. Any person accused of such violation shall, upon conviction thereof, be fined not more than one hundred (100) dollars or imprisoned for not more than thirty (30) days, or both, and in addition shall pay all costs and expenses involved in the

case. Each day such violation continues after receipt of a violation notice shall be considered a separate offense. The owner or tenant of any building, structure, premise, or part thereof and any architect, builder, contractor, agent, or other person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided. Nothing herein contained shall prevent Pleasant Township from taking such other lawful action as is necessary to prevent or remedy any violation.

SECTION 6.10 SCHEDULE OF FEES, CHARGES AND EXPENSES

The Board of Trustees of Pleasant Township shall, by separate resolution, establish a schedule of fees, charges and expenses, and a collection procedure for zoning permits, amendments, appeals, variances, conditional use permits, plan approvals and other matters pertaining to the administration and enforcement of this Resolution requiring investigations, inspections, legal advertising, postage, and other expenses. The schedule of fees shall be posted in the office of the zoning inspector, and may be altered only by the Board of Township Trustees. Until all fees are submitted or paid, no action shall be taken on any application or appeal. (See Appendix A.)

Such reverted lands shall thenceforth be subject to all regulations of the extended district or districts.

7. Where boundaries appear to approximately follow such lines as indicated above or appear to be not more than ten (10) feet therefrom, such lines shall be interpreted to be the boundary unless specifically shown otherwise.

SECTION 7.3 CHANGES IN BOUNDARIES AND CLASSIFICATION

Changes in District boundaries and classifications, approved in accordance with the procedures set forth in Article 23, shall be made on the Official Zoning Map within twenty (20) days of enactment of such modification.

2. No lot, yard, or open space shall be used, at any time, as a place where junk, waste, discarded or salvaged material is accumulated in such manner as to be unsightly, as to detract significantly from the local environment, and/or provide a haven for vermin or small rodents.

SECTION 7.6 OFFICIAL SCHEDULE OF DISTRICT REGULATIONS ADOPTED

Administration.

ARTICLE 8 ZONING REGULATIONS FOR FLOOD PLAIN OVERLAY DISTRICT

SECTION 8.0 PURPOSE

It is the purpose of this article to promote the public health, safety, and general welfare and to minimize losses resulting from periodic inundation of flood waters in Pleasant Township by restricting or prohibiting uses which are dangerous to health, safety and property in time of flooding or uses that cause excessive increases in flood height or velocities, requiring that uses vulnerable to floods be protected from flood damage at time of initial construction, controlling the filling, grading, dredging, and other development which may increase flood damage, and controlling the alteration of natural flood plains, stream channels, and natural protective barriers which are involved in the accommodation of flood waters.

SECTION 8.1 FINDING OF FACT

The flood hazard areas of Pleasant Township are subject to periodic inundation which may result in loss of life and property, hazards to health and safety, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety, and general welfare. These flood losses are caused by:

1. The cumulative effect of obstruction in flood plains, causing increased flood heights and velocities.
2. The occupancy of flood hazard areas by uses vulnerable to floods and which are not adequately elevated or protected from flood damage.

SECTION 8.2 APPLICABLE LANDS

This article shall apply to all lands within the township boundaries shown on the Official Zoning Map within the boundaries of floodway, or floodway fringe, as identified by the Federal Emergency Management Agency on the FIRM and Floodway Maps Nos. 390306-0070/-0135/-0155, dated July 19, 1982, and any revision thereto as adopted by reference and declared to be a part of this resolution.

SECTION 8.3 OVERLAY DISTRICT DESIGNATION

The areas of floodway or floodway fringe identified on the Official Zoning Map shall be shown as an overlay district. This overlay district shall be designated as the Flood Plain Overlay (FP) District.

Those areas within the Flood Plain Overlay District designated as floodway on the Official Zoning Map shall be subject to all the requirements of the Flood Plain Overlay District, as well as those specific sections that address the floodway.

The Flood Plain Overlay (FP) District shall be superimposed over the Official Zoning Map. The underlying zoning district, as shown on the Official Zoning Map, shall hereafter be called the base district. Uses and minimum requirements shall be determined by the base district. However, if the provisions and requirements governing the Flood Plain Overlay District are more restrictive than those of the base district, the provisions of this article shall supersede those of the base district.

SECTION 8.4 INTERPRETATION OF BOUNDARIES

When disagreement exists as to the boundaries of the Flood Plain Overlay District or the floodway, those boundaries shall be interpreted to be the boundaries of the floodway and floodway fringe as shown on the Flood Insurance Maps and Floodway Maps Nos. 390306-0070/-0135/-0155, dated July 19, 1982. Disagreement as to boundaries of the flood hazard areas will be resolved by the procedures outlined in the Knox County Flood Damage Reduction Regulations, and not the Pleasant Township Board of Zoning Appeals.

SECTION 8.5 WARNING AND DISCLAIMER OF RESPONSIBILITY

The degree of flood protection required by this resolution is considered reasonable for regulatory purposes. Larger floods may occur or flood heights may be increased by man-made or natural causes, such as Ice jams and bridge openings restricted by debris. This resolution does not imply that areas outside the Flood Plain Overlay District boundaries or land uses permitted within such district will be free from flooding or flood damages. This resolution shall not create liability on the part of Pleasant Township, Knox County, or any officer or employee thereof for any flood damages that result from reliance on this article or any administrative decision lawfully made thereunder.

SECTION 8.6 COMPLIANCE

Unless specifically exempted as stated in Section 4.2 of the Knox County Flood Damage Prevention Regulations, no structure or land shall hereafter be located, emended, converted, or structurally altered without full compliance with the terms of this article and other applicable resolutions of the township and Knox County.

SECTION 8.7 ABROGATION

This section is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this article and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION 8.8 FLOOD PLAIN DEVELOPMENT PERMIT

A flood plain development permit shall be obtained before the start of construction or development of land in the Flood Plain Overlay District. This permit shall be in addition to the zoning permit required in Article 6 of this resolution. Application for a flood plain development permit shall be made to the Knox County Planning Commission's Planning Director, 110 E. High Street, Mount Vernon, Ohio 43050 (614). This permit will be applied for and approved by the Flood Plain Administrator of the Knox County Planning Commission prior to the zoning permit being applied for and approved. The Zoning Inspector must receive a copy of the flood plain development permit before the zoning permit is issued.

All structures or uses to be located in the Flood Plain Overlay District shall comply with the requirements of the Pleasant Township Zoning Resolution and the Knox County Flood Damage Reduction Regulations and amendments or revisions thereto.

SECTION 8.9 OTHER REQUIREMENTS

Any buildings, structures, or land uses to be located in an identified flood hazard area shall comply with the requirements of the Knox County Flood Damage Reduction Regulations adopted by the Knox County Commissioners.

1. Change to Non-Flood Plain District: Changes of district classification from Flood Plain Overlay District to any other classification provided by this resolution may be initiated in accordance with the requirements of this resolution; provided that the applicant can show that any flood condition existing at the time the Flood Plain Overlay District was originally established does no longer exist and that the area in question is now reasonably well protected from floods for the intended purpose and occupancy. Prior to recommending a change of zoning to the Township Trustees, the Township Zoning Commission shall obtain certification from the Knox County Planning Commission, or the agency or department administering the Flood Hazard Prevention Regulations, that the area proposed to be removed from the Flood Plain Overlay District is free from inundation from a 100-year flood event, and the amendment procedures of Article 13 have been followed.

SECTION 8.10 REQUIRED LOT AREA, LOT WIDTH, HEIGHT, PARKING, YARDS, AND SIGNS

The lot area, lot width, building height, parking, yards, and sign requirements shall comply with the base district requirements as outlined in Section 8.3 of this article.

A maximum choice of living environments by allowing a variety of housing and permitting an increased density per acre and a reduction in lot dimensions, yards, building setbacks and area requirements in a Planned Unit Development, is permitted in any Residential Zoning District as a means of attaining a more efficient use of land than is generally achieved through conventional development.

SECTION 22.1 AUTHORIZATION

Subject to the foregoing statement of intent, the Board of Trustees of Pleasant Township, with the advisory assistance of the Zoning Commission, may grant a special exception for a Planned Unit Development, but only after notice and public hearing as prescribed by law.

SECTION 22.2 PROVISIONS GOVERNING PLANNED UNIT DEVELOPMENTS

Because of the special characteristics of Planned Unit Developments, special provisions governing the development of land for this purpose are required. Whenever there is a conflict or difference between the provisions of this Section and those of other ARTICLES of this Resolution, the provisions of this Section shall prevail. Subjects not covered by this Section shall be governed by the respective provisions found elsewhere in this Resolution.

SECTION 22.3 APPLICATION AND PROCEDURE

Upon approval by the Zoning Commission and the Board of Trustees, a Planned Unit Development District may be applied to portions of any existing residential Zoning District. Upon approval of a final development plan, the Official Zoning Map shall be annotated for the land area involved so that the district name includes the notation "PUD." Planned Unit Development Districts shall be approved by the Zoning Commission and the Board of Trustees in the manner set forth in the following sections.

SECTION 22.4 REQUIREMENTS AND LIMITATIONS

The following requirements and limitations shall prevail in the considerations and design procedures followed in developing a preliminary plan for a Planned Unit Development:

- b. Project Ownership: The project land may be owned, leased, or controlled by a single person or corporation or by a group of individuals or corporations. Such ownership may be a public or private corporation.
- c. Minimum Project Area: The gross area of a tract of land to be developed in a Planned Unit Development District shall be a minimum of twenty (20) acres. A minimum of twenty (20) percent of the land shall be reserved for common open space and recreational facilities for the residents or users of the area being developed.
- d. Disposition of Open Space: The required amount of common open space land reserved under a Planned Unit Development shall either be held in corporate ownership by owners of the project area for the use of each owner who buys property within the development or be dedicated to Pleasant Township and retained as common open space for parks, recreation, and related uses. The responsibility for the maintenance of

- all open spaces shall be specified by the developer before approval of the final development plan.
- e. Utility Requirements: Underground utilities, including telephone and electrical systems, are required within the limits of all Planned Unit Developments. Appurtenances to these systems which can be effectively screened may be excepted from this requirement if the Zoning Commission finds that such exception will not violate the intent or character of the proposed PUD.
 - f. Minimum Lot Sizes: Lot area per dwelling unit may be reduced by not more than sixty (60) percent of the minimum lot area required in the official District regulations, A diversification of lot sizes is encouraged. Lot widths may be varied to allow for a variety of structural designs, Setbacks, also, may be varied for this purpose.
 - g. Lots to Abut Upon Common Open Space: Every property developed under the planned unit development approach should be designed to abut upon common open space or similar areas. A clustering of dwellings is encouraged. In areas where town houses or condominiums are used, there shall be no more than six (6) such units in any contiguous group.
 - h. Height Requirements: For each foot of building height over the maximum height specified in District Regulations, the distance between such buildings and the side and rear property lines of the PUD project area shall be increased by a one (1) foot addition to the side and rear yards required in the District.
 - i. Parking: Off-street parking, loading, and service areas shall be provided in accordance with Article 19. However, off-street parking and loading areas shall not be permitted within fifteen (15) feet of any residential use.
 - j. Perimeter Yards: Notwithstanding the provisions of this Section, every lot abutting the perimeter of the Planned Unit Development District shall maintain all yard requirements specified in the Official District Regulations as applicable.
 - k. Arrangement of Commercial Uses: When Planned Unit Development Districts include commercial uses; commercial buildings and establishments shall be planned as groups having common parking areas and common ingress and egress points. Planted screens or fences shall be provided on the perimeter of the commercial areas abutting residential areas.
 - l. Internal Traffic and Landscaping: The plan of the PUD project shall provide for the integrated and harmonious design of buildings, and for adequate and properly arranged facilities for internal traffic circulation, landscaping, and such other features and facilities as may be necessary to make the project attractive and efficient from the standpoint of adjoining and surrounding non-commercial areas.
 - m. Expansion Areas: All areas designed for future expansion or not intended for immediate improvement or development shall be landscaped or otherwise maintained in a neat and orderly manner as specified by the Zoning Commission.

SECTION 22.9 SECOND PUBLIC HEARING BY ZONING COMMISSION

Within thirty (30) days after the submission of the final development plan, the Zoning Commission may hold a second public hearing if the final development plan differs from the preliminary plan in a manner, and to an extent, that such second hearing is deemed warranted and in the best interests of the inhabitants of the area. If a second public hearing is held, notice shall be given as specified in subsections 5 d and 5 e above.

SECTION 22.10 RECOMMENDATION BY ZONING COMMISSION

Within sixty (60) days after receipt of the final development plan the Zoning Commission shall recommend to the Board of Trustees that the final development plan be approved as submitted, approved with supplementary conditions, or disapproved. The Zoning Commission shall transmit all papers constituting the record and the recommendations to the Board of Trustees.

SECTION 22.11 CRITERIA FOR RECOMMENDATIONS BY ZONING COMMISSION

In making its recommendation, as required in sub-section 10 above, the Zoning Commission shall find that the facts submitted with the application and presented at the hearing establish that:

- a. The proposed development can be initiated within five (5) years of the date of approval.
- b. Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained.
- c. The uses proposed will not be detrimental to present and potential surrounding uses, but will have a beneficial effect which could not be achieved under the standard district regulations.
- d. The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic, and increased densities will not generate traffic in such amounts as to overload the existing network of thoroughfares outside the PUD.
- e. Proposed commercial developments can be justified at the locations proposed.
- f. An exception from the standard district requirements is warranted by the design and other favorable features incorporated in the final development plan.
- g. The area surrounding said development can be planned and developed in coordination and substantial compatibility with the proposed development.
- h. The existing and proposed utility services are adequate for the population densities and non-residential uses proposed.

SECTION 22.12 SUPPLEMENTARY CONDITIONS AND SAFEGUARDS

In approving any Planned Unit Development District, the Board of Trustees may prescribe appropriate conditions and safeguards in conformity with this Resolution. Violation of such conditions and safeguards, when made a part of the terms under which the final development plan is approved, shall be deemed a violation of this Resolution and punishable under Article 6 of this Resolution.

SECTION 22.13 ACTION BY THE BOARD OF TRUSTEES

Within sixty (60) days after receipt of the recommendations of the Zoning Commission the Board of Trustees shall, by resolution, either; approve, approve with supplementary conditions, or disapprove the application as presented. If the application is either approved or approved with conditions, the Board of Trustees shall direct the Zoning Inspector to issue zoning permits only in accordance with the approved final development plan and supplementary conditions attached thereto.

SECTION 22.14 EXPIRATION AND EXTENTION OF APPROVAL PERIOD

The approval of a final development plan for a Planned Unit Development District shall be for a period not to exceed five (5) years to allow for preparation and recording of the required subdivision plat and the development of the project. If no construction has begun within five (5) years after approval is granted, the approved final development plan shall be void and the land shall revert to district regulations in which it is located. An extension of the time limit or modification of the approved final development plan may be approved if the Zoning Commission finds such extension or modification is not in conflict with the public interest.

SECTION 22.15 REVOCATION OF APPROVAL

When it is found that the construction of the Planned Unit Development is not in conformance with the approved final development plan, The Board of Trustees shall give the applicant notice of intent to revoke such permit at least ten (10) days prior to review of the permit by the Board of Trustees. After conclusion of such review, the Board of Trustees may revoke its approval of the Planned Unit Development if the Trustees feel that a violation, in fact, does exist and has not been remedied prior to the review and no plan for remedial action has been offered by the applicant.
