SECTION 1 GENERAL PROVISIONS (cont'd)

1.1 Authority

The Board of Township Trustees of Providence Township, Lucas County, Ohio, in accordance with enabling legislation for township zoning as provided in Chapter 519 of the Ohio Revised Code hereby provides as follows:

1.2 Purpose

This Resolution is adopted effective at the General Election November 7, 1995, for the purpose of protecting and promoting public health, safety, morals, comfort and general welfare; conserving and protecting property and facilitating adequate but economical provision of public improvements.

1.3 Interpretation and Conflict

In interpreting and applying the provisions of this Resolution, they shall be held to be minimum requirements for the promotion of the public safety, health, convenience, comfort, morals, prosperity and general welfare. It is not intended by this Resolution to interfere with or abrogate or annul any resolution rules or regulations previously adopted or issued and not in conflict with any of the provisions of this Resolution; nor is it intended by this Resolution to interfere with or abrogate or annul any easements, covenants, or other agreements between parties; provided, however, that where this Resolution imposes a greater restriction upon the use of buildings or premises or upon height of buildings, or requires larger open spaces or larger lot areas than are imposed or required by such other resolutions or agreements, the provisions of this Resolution shall control.

1.4 Compliance with Regulations

1.4.1 No Building or structure shall be located, erected, constructed, reconstructed, enlarged or structurally altered except in conformity with the area, height and yard regulations of the district in which such building or structure is located.

1.4.2 No building, structure or lot shall be used for any purpose other than that which is permitted in the district in which such building, structure or lot is located.

1.4.3 No yard or other open space existing about any building or structure shall be so reduced in area or dimension as to make it less than the minimum required by this Resolution.

1.4.4 No lot held under one (1) ownership at the time of the effective date of this Resolution shall be reduced or subdivided in any manner below the minimum area and yard provision required by this Resolution.

1.4.5 Every building hereafter erected or structurally altered shall be located on a lot as herein defined and in no case shall there be more than one (1) main building on one (1) lot except as specifically provided in Section 12.3.2. In no instance shall there be more than one (1) primary dwelling unit per parcel except for in the R-3 District.

SECTION 1 GENERAL PROVISIONS (cont'd)

1.4 Compliance with Regulations (cont'd)

1.4.6 Exceptions to these regulations in specific cases may be authorized by the Board of Zoning Appeals where there are practical difficulties or unnecessary hardships in carrying out the strict letter of this Resolution, providing such exception is in harmony with the general purpose and intent of the Resolution and in accordance with the procedures and provisions specified in Section 12. Hardship shall be based on physical limitations of the land or structures and does not encompass financial considerations.

1.5 Uses Exempted from Provisions of Resolution

1.5.1 The use of land for agricultural purposes or the construction or use of buildings or structures incident to the use for agricultural purposes of the land on which such buildings or structures are located, including buildings or structures that are used primarily for vinting and selling wine that are located on land any part of which is used for viticulture, shall be permitted in all districts established by this Resolution, and no zoning certificate shall be required for any such building or structure, except where regulated within platted areas on lots of less than five (5) acres, or for farm markets.

1.5.2 The location, erection, construction, reconstruction, change, alteration, maintenance, removal, use or enlargement of any building or structures of any public utility or railroad, whether publicly or privately owned, or the use of land by any public utility or railroad for the operation of its business or the use of land for essential services as herein defined shall be permitted in all districts established by this Resolution and no zoning certificate shall be required for any building or structure or for the use of any land essential to the operations of a public utility or railroad.

1.5.3 The sale or use of alcoholic beverages shall not be prohibited in areas where the establishment and operation of any retail business, hotel, lunchroom, or restaurant is permitted.

1.5.4 The use of any land owned or leased by an industrial firm shall not be prohibited for the conduct of oil or natural gas well drilling or production activities or the location of associated facilities or equipment when such oil or natural gas obtained by the industrial firm is used for the operation of its plants.

1.6 Validity

If any article, section, subsection, paragraph, sentence or phrase of this Resolution is for any reason held to be invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution.

This Resolution shall become effective from and after the date of its approval and adoption as provided by law.

SECTION 3.2	Commercial Districts
SECTION 3.3	Industrial Districts/Office Research
SECTION 3.4	District Map
SECTION 3.5	District Boundaries

CROSS REFERENCES

SECTION 2	Definitions
SECTION 4	Use Regulation
SECTION 6	Special Uses

The Township is hereby divided into districts under general categories which shall be known as: "Agricultural/Residential Districts", "Commercial Districts", and "Industrial Districts/Office Research".

3.1 Agricultural/Residential District

3.1.1 "A" Agricultural

The Agricultural District is to provide for agricultural and agriculturally related uses, rural residences, essential public facilities and services such as public buildings, schools, railroads, public utilities. This may include some commercial activities which are an integral part of agriculture, such as roadside stands or structures used for the sale of agricultural produce or products and/or nursery and greenhouse sales areas, home occupations, churches and other related nonprofit public service facilities. Intense residential development is discouraged. However, where both public water and public sanitary sewers become available, the district may allow low density residential development on large lots, in a neighborhood setting, with minimal intrusion of nonresidential uses.

3.1.2 "R-1" Single Family

The Single Family Residential District is to provide for medium density residential development where public water and public sanitary sewers are available. It is intended that uses within this district be contained with a neighborhood setting, and non-residential uses be directly related to needs of the neighborhood.

SECTION 3 ESTABLISHMENT OF DISTRICTS (cont'd)

3.2 Commercial Districts

3.2.1 "C-1" Restricted Commercial

The Restricted Commercial District provides for small businesses which primarily serve nearby residential areas with convenience goods and services. Business should be of the type which are low generators of traffic and compatible with surrounding residential areas. All uses and activities should be inside buildings. Where it is necessary to use external areas of buildings for storage of equipment or business activities, sufficient distance separation from neighboring properties and/or fencing or natural screening shall be required as specified under Section 8.2.

3.2.2 "C-2" General Commercial

The General Commercial District provides for businesses which serve a regional market. Businesses may be grouped into small shopping centers located along a major thoroughfare, or at corners of major intersections on large lots to allow for ingress, egress, internal circulation and adequate parking. Typically these businesses will be high generators of traffic. Examples of these include, but are not limited to, shopping centers, malls, drive-through businesses, motels, restaurants, gas stations, etc. All uses and activities should be inside buildings. Where it is necessary to use external areas of buildings for storage of equipment or business activities, sufficient distance separation from neighboring properties and/or fencing or natural screening shall be required as specified under Section 8.2.

3.2.3 "C-3" Village Center Commercial

Village Center Commercial provides for business, governmental and institutional uses which serve the entire village. To provide convenient access to activities and businesses, residential uses are allowed within this district.

3.3 Industrial Districts/Office Research

3.3.1 "M-1" Light Industrial/Office Research

The Light Industrial/Office Research District is to provide for light industrial, research laboratories, warehousing types of businesses which may be conducted in areas proximate to residential and commercial areas with attempts to provide as much isolation as possible. These uses may include activities of manufacturing, processing, or assembly of products or the provision of services. No offensive or hazardous conditions shall be created by an industry and other disruptive activities shall be minimized to maintain tranquility if near commercial or residential areas. This would include such things as excessive traffic, dust, dirt, noxious gases, smoke, noise, fumes or vibrations. Since certain industrial uses, as a part of their operation, may have need for sales distribution and sales outlets, it may be permitted only as an accessory use providing that goods and services are produced at the site or are an integral part of a warehousing distribution system. Wherever possible, work activities and material handling will be confined to buildings or enclosures. When possible, materials and products will be stored in enclosed structures or areas screened from view of adjoining property. External areas of structures will be landscaped and maintained. Undeveloped areas will be kept free of debris, weeds and routinely maintained by cutting grassed areas.

SECTION 3 ESTABLISHMENT OF DISTRICTS (cont'd)

3.3 Industrial Districts/Office Research (cont'd)

3.3.2 "M-2" General Industrial

The "M-2" General Industrial District provides for industries which by their nature and function require large parcels for development, and access to utilities and major transportation networks. These uses may be objectionable to adjacent residential or commercial properties and therefore should be grouped together where similar uses are located. Certain industries may need special consideration because of their potential spill-over effect on surrounding areas. These are provided for either as a conditional use or as a special use. These industries may include such activities as fabricating, processing, smelting and refining, extraction of minerals and stone, foundries, blast furnaces and similar industries which have the potential of creating impacts in the area adjacent to and near the industrial activity. Sales distribution and sales outlets may be permitted as an accessory use providing that goods and services are produced at the site or are an integral part of a warehousing distribution system.

3.4 District Map

3.4.1 Description: The location and boundaries of districts established shall be shown on the map entitled "Providence Township Zoning Plan, 1995". A certified copy of this map is on file in the office of the Board of Providence Township Trustees. Said map and all notations, dimensions and designations shown thereon are hereby declared to be part of this Resolution.

3.4.2 Replacement: In the event that the Official District Map becomes damaged, destroyed or lost, the Township Board of Trustees may by Resolution adopt a new Official District Map which shall supercede the prior Official District Map.

3.5 District Boundaries

3.5.1 Description: The district boundary lines on said map are intended to follow either centerlines of streets or alleys or lot lines; and where the districts designated on the map are bounded approximately by such street, alley or lot lines, the street or alley or lot line shall be construed to be the boundary of the district unless such boundary is otherwise indicated on the map. In the case of unsubdivided property, the district boundary line shall be determined by the use of the scale appearing on the Zoning District Map or by dimensions. In the case of the vacation of a street, alley, water course or other right-of-way, the abutting zoning classification on each side thereof shall automatically be extended to the centerline of said vacated street, alley, water course or right-of-way.

3.5.2 Exceptions: District boundaries following shore lines shall be construed as moving with any shoreline changes. Where boundaries appear to approximately follow such aforesaid lines and are not more than 10 feet distant therefrom, such lines shall be construed to be the boundary lines unless specifically shown otherwise.

4.6.2 Height

a) Buildings

The height of building specified as maximum height under Sections 4.4 and 4.5 may be exceeded for public and semi-public buildings, office industrial and apartment buildings provided the required front, side and rear yards are increased by one (1) foot for each foot of additional building height to a maximum height of six (6) feet.

b) Structures

Height regulations of buildings shall not apply to telecommunication towers, monuments, church spires/bell towers, water or fire towers, chimneys or cooling towers, silos, and flagpoles except where the height of such structure will present a hazard to the safe landing and takeoff of aircraft at an established airport.

4.6.3 Architectural Projections

Open structures such as porches, canopies, balconies, plat-forms, carports and covered patios and similar architectural projections, shall be considered a part of the building to which attached and shall not project into the required minimum front, side, or rear yard.

4.6 Exceptions (cont'd)

4.6.4 Corner Lots

Corner lots and lots having frontage on more than one (1) street shall provide the minimum front yard requirements on each street.

4.6.5 Setbacks of Buildings on Main County Roads

On lots and lands abutting the following principal arterial roads, no building shall hereafter be erected, enlarged or reconstructed to extend nearer to the centerline of the road than 125 feet:

- Berkey-Southern (S.R. 295)
- Toledo-Napoleon (S. River Rd./County Rd. 53)

On lots and lands abutting the following major collector roads, no building shall hereafter be erected, enlarged or reconstructed to extend nearer to the centerline of the road than 95 feet:

- | | |
|---------------------|---------------------|
| Archbold-Whitehouse | Hertzfeld |
| Box | Neapolis-Waterville |
| Heller | Neowash |

On lots and lands abutting the following county and township roads, no building shall hereafter be erected, enlarged or reconstructed to extend nearer to the centerline of the road than 80 feet:

- | | | |
|----------|---------|---------|
| Bailey | Hartman | Schadel |
| Berridge | Perry | Vollmar |
| Doran | Pollock | Yawberg |

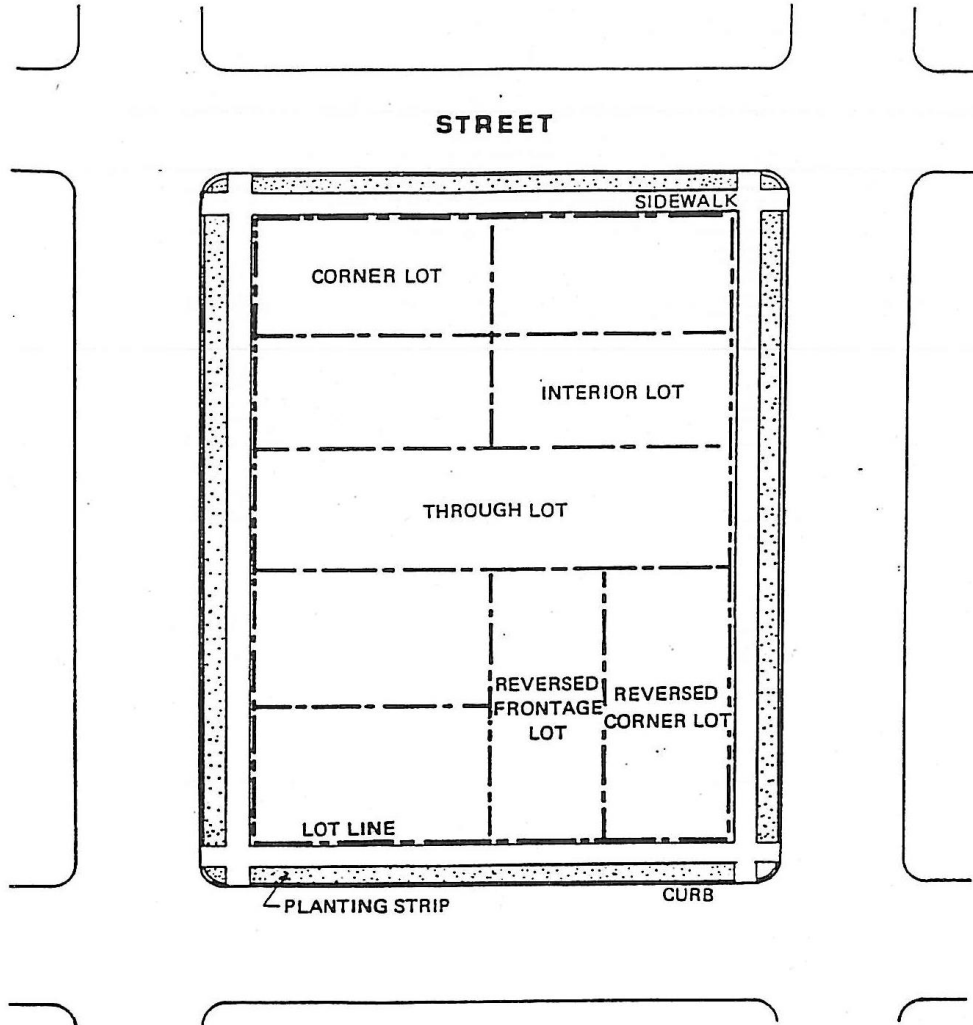

4.6.6 Existing Lots of Record

Any lot of record 50 feet or wider existing at the effective date of this Resolution in any "A" or "R" District may be used for the erection of a single-family dwelling even though its area and width are less than the minimum requirements set forth herein, provided the dwelling and lot meets the minimum requirements for water and septic as approved by Lucas County Board of Health. Each side yard shall be a minimum of five (5) feet. Where two (2) or more adjacent lots of record with less than the required area and width are held by one owner, the Board of Zoning Appeals may require that the lots be combined and used for one (1) main building.

A minimum lot area of 20,000 square feet shall be required when group water and on-site sewage treatment systems are proposed for a new dwelling on an existing lot of record.

SECTION 8	Design and Development Standards for Multi-Family, Non Residential, Commercial and Industrial Uses

5.1 Purpose

It is the purpose of this section to regulate land use by providing adequate space for off-street parking, loading and maneuvering for all principal and accessory uses. The following provisions are intended to provide safe ingress and egress to all lots, minimize traffic congestion, limit on street parking and reduce noise and visual impact of vehicular movement and loading activities.

5.2 Off-Street Parking and Loading Requirements

5.2.1 General

- a) When a building or structure is erected, changed or enlarged by 50% or more in floor area, or increases by 50%, the number of employees, customers/users, dwelling units, or seating capacity it shall comply with the requirements of this section.
- b) When there is a new use of an existing building or structure, which does not require enlargements or additions, it shall comply with the requirements of this section.
- c) Where a lot abuts a public or private alley or easement of access there shall be provided an access drive not less than eight (8) feet in width for a single dwelling and not less than 20 feet in width for an access drive leading to parking, loading, or storage spaces herein required for multiple dwellings and nonresidential uses.
- d) Total number of spaces required shall equal the sum of all the requirements for each separate primary and accessory use.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.2 Off-Street Parking and Loading Requirements (cont'd)

5.2.1 General (cont'd)

- e) All off-street parking and loading spaces, as required by this section, shall be located on the same parcel as the building or use requiring the spaces, except as provided for under 5.2.2(c).
- f) Off-street parking and loading spaces required for any use not specifically listed herein shall be the same as that required for a similar use as determined by the Zoning Commission.
- g) A request for a reduction of parking and/or loading requirements may be submitted to the Board of Zoning Appeals as provided for in Section 12.3.2 (c) and (d)

5.2.2 Special Requirements

- a) **Setback:** Parking areas for multi-family and nonresidential uses shall be no closer than five (5) feet of a street, alley or right-of-way.
- b) **Joint Use:** Two (2) or more nonresidential uses may jointly provide and use parking spaces when their hours of operation do not normally overlap, provided that a written agreement, approved by the Township Attorney and accepted by the Board of Zoning Appeals, shall be filed with the application for a zoning certificate.
- c) **Off-site parking:** Parking spaces may be located on a lot within 300 feet other than that containing the principal use or on a lot within 600 feet for uses within a commercial or industrial district for spaces designated for employees with a written agreement approved by the Township attorney and approval by the Board of Zoning Appeals, to be filed with the application for a zoning certificate.
- d) **Surfacing and drainage:** All off-street parking and loading areas and driveways for multi-family and non-residential uses shall be surface with concrete, bituminous asphalt or other dust free material other than gravel or loose fill and graded to drain all surface water towards the interior of the parking lot. In those instances where the property is in a remote location and not in close proximity to other buildings or dwellings, the Zoning Commission may consider waiving the requirement to pave certain portions of the parking area as part of the Site Plan Review process. An internal storm drainage system shall be provided and connected to the nearest outlet subject to regulations and approval of the Lucas County Engineer. Concrete curbs may also be required as part of the overall drainage design for all or part of the parking lot or driveway perimeter.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.2 Off-Street Parking and Loading Requirements (cont'd)

5.2.2 Special Requirements (cont'd)

- e) **Wheel stop device:** Whenever a parking lot extends to a property line, sidewalk, planting strip or building, a wheel stop device consisting of concrete stops, a permanent concrete curb, an expanded sidewalk or other suitable restraint shall be installed to prevent any part of a parked motor vehicle from extending beyond the property line, overhanging a pedestrian circulation way or sidewalk, or damaging any structure or landscaping. Minimum height shall be five (5) inches and the minimum length six (6) feet. A wheel stop device shall not be required where a guardrail or other suitable barrier is provided to prevent intrusion into a protected area.
- f) **Striping and Marking:** Parking spaces and aisles shall be clearly designated and marked to assure approved utilization of space, direction of traffic flow and general safety. Parking spaces for the handicapped shall be reserved and designated with a standing sign (not painted on the pavement), displaying the symbol of accessibility.
- g) **Handicapped Parking:**
 - 1. Parking spaces shall be provided for the disabled and handicapped for all public, semi-public, commercial and industrial buildings and/or uses. The number of spaces which shall be reserved are one (1) accessible space for each 25 total lot parking spaces for the first 100 spaces and one (1) additional space for each 50 spaces thereafter.
 - 2. Parking spaces and loading zones shall be located on the shortest possible circulation route to an accessible entrance. In separate parking structures, or lots that do not serve a particular building, parking spaces shall be located on the shortest possible circulation route to an accessible pedestrian entrance of the parking facility.
 - 3. Parking spaces shall be at least 96 inches wide and shall have an adjacent access aisle 48 inches wide minimum. Parking access aisles shall be part of the accessible route to the building or facility entrance and shall comply with applicable sections of the Ohio Basic Building Code. Two (2) accessible parking spaces may share a common access aisle. Parked vehicle overhangs shall not reduce the clearance of an accessible circulation route.
 - 4. Curb ramps shall be required for handicapped access. Minimum width shall be 36 inches with a minimum ramp slope of 1:10.
- h) **Landscaping and screening:** Notwithstanding the landscaping requirements of Section 8.4, off-street parking and loading areas for multi-family dwellings and nonresidential uses which lie within 20 feet of a building on an adjoining lot or within 10 feet of a lot line shall be separated from the building or lot line with landscaping and screening not less than four (4) feet nor greater than six (6) feet in height.
- i) **Lighting:** Any lighting used to illuminate any off-street parking areas shall be so arranged as to reflect light away from adjoining residential properties or public way.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.2 Off-Street Parking and Loading Requirements (cont'd)

5.2.2 Special Requirements (cont'd)

j) Parking and Storage of Vehicles and Trailers

1. No commercial vehicles as herein defined or other vehicle which infringes on the residential character of an "A" or "R" District shall be stored or parked in that district, excluding vehicles in an "A" or "R" District which are stored in an enclosed building or vehicles used in agriculture which are an integral part of the on-site agricultural business. Infrequent, short term parking of a commercial vehicle for conveying tools and materials to premises for use on the premises, or the delivery or moving of goods to or from a dwelling unit is exempted from this section.
2. No inoperable vehicle shall be parked within an "A" or "R" District for a period of more than 30 days, but may be stored in an enclosed building providing no business is conducted in connection therewith while such vehicle is parked or stored.
3. No recreational vehicles, vehicles used for recreational purposes, such as, all-terrain vehicles, racing vehicles, boats, boat trailers nor utility trailers shall be parked or stored in the minimum front yard of an "A" or "R" District, except when loading and unloading for a temporary period not to exceed 24 hours. The aforementioned may be stored in the rear or side yard, but shall be a minimum of 10 feet from a lot line. (Revised 5-20-9, Z25-C9)

k) **Drive-up Storage Area:** Any use having a drive-up window shall provide a storage area on site to minimize off-site traffic congestion while waiting for service. The Zoning Commission shall review and provide recommendations on all drive-up proposals.

l) **Trash Receptacle Area:** A trash receptacle area, when provided, shall be in a designated location that does not interfere with any aisle, driveway, parking space, loading space or other circulation area.

The location of this area, if provided, shall be shown on the site plan with proper loading and maneuvering space and for the purpose of location, shall be treated as an accessory structure. A trash receptacle area shall be screened from view on three (3) sides. Such area shall not be located in any required yard or setback and shall be maintained according to the requirements of the Lucas County Board of Health.

m) **Maintenance:** The owner or operator of property used for parking and loading shall maintain such area in good condition so that it is safe, clean, dust-free, attractive and free of any hazard, nuisance or other unsafe condition. Striping for parking spaces shall be maintained in good condition.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.2 Off-Street Parking and Loading Requirements (cont'd)

5.2.2 Special Requirements (cont'd)

- n) **Maneuvering:** Every parking and loading space shall have sufficient access and maneuvering area. The maneuvering area for a parking space may occur anywhere on a parcel except within the required minimum front, side and rear setback area. It may include an aisle or circulation area. For single and two-family residences it may include a driveway, street or parking space. The Board of Zoning Appeals may waive these requirements for lots which have an operator on duty during all hours of operation.

- o) **Loading Spaces:** No loading spaces shall be located in a front or side yard, nor in a required rear yard.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.3 Space Requirements

5.3.1 Dimensions and Design

- a) Parking lot loading spaces shall meet the following dimensional requirements and design as listed and illustrated in Table 5-1 and Figures 5-1 and 5-2 respectively.

SECTION 5 PARKING AND LOADING REQUIREMENTS (cont'd)

5.3 Space Requirements (cont'd)

5.3.1 Dimensions and Design (cont'd)

- b) **Loading Spaces:** All loading spaces shall have minimum dimensions of 12 feet in width and 50 feet in length, exclusive of any driveway, aisle, or other circulation docking area, and have a clearance height of not less than 15 feet.
- c) **Handicapped Parking:** Dimensions and design shall comply with requirements of 5.2.2(g).
- d) **Bumper Overhang:** For bumper overhang, deduct one-half (1/2) foot from stall depth to wall or three (3) feet from wall to wall for 45 degree and 60 degree parking. The equivalent dimensions for 75 degree and 90 degree parking are two (2) feet and four (4) feet respectively.
- e) **Modification of parking space:** Modification of dimensions or design is subject to review by the Township Fire Chief and Zoning Commission. Attention to emergency vehicle access shall be considered and incorporated into the design.

6.1 Purpose

In addition to uses specifically classified and permitted in each District in this Resolution, there are certain additional uses which it may be necessary to allow because of their unusual characteristics or the service they provide the public. The "special uses" require particular consideration as to their proper location in relation to adjacent established or intended uses, or the planned development of the community. The "special uses" fall into two (2) categories, as follows:

6.1.1 Uses either municipally operated, or uses traditionally affected by public interest.

6.1.2 Uses entirely private in character, which, because of their peculiar locational needs or the nature of the service they offer to the public, may have to be established in a district or districts, in which they cannot reasonably be allowed as a permitted use under the zoning regulations.

6.2 Special Uses and Procedures

The Board of Township Trustees may permit by resolution, the amendment of this Zoning Resolution and Zoning Map, the following uses of land or structures in any district except as specifically provided otherwise, after report thereon by the Zoning Commission and subject to the requirements and procedures set forth herein. Special Uses existing at the time of adoption of this Resolution may be continued and shall be considered as uses conforming to the Resolution.

7.14 Site Design and Development

Site plan review and landscaping shall be required for all Multi-Family, and non-residential uses which are original uses; or existing uses, when a building or structure is erected, changed, or enlarged by 50% or more or 5,000 square feet or greater in floor area. It is recommended all site plans required by this section be professionally prepared by an architect, landscape architect, planner, Professional Surveyor, or a Professional Engineer. A Professional Engineer's or Professional Surveyor's seal may be required pursuant to the O.R.C. Chapter 4733, as determined by the Zoning Inspector.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.14 Site Design and Development (cont'd)

7.14.1 Site Plan Review

A. General Requirements

1. A formal letter of submittal shall accompany the site plan. The letter should give reference to a Plan Commission case file number if one has been assigned for the property and shall provide the name, address and phone number of any parties who should be informed of the progress of the request. Parties to be notified should include the land owner, developer, attorney, architect, engineer, landscape architect or other appropriate consultant.
2. All site plans shall have a title indicating the type of request being made, i.e. a request for a zone change, special use permit, etc.
3. The site plan shall be accompanied by a complete legal description of the subject property and a general location sketch showing nearby section lines and/or residential and major roadways.
4. The site plan shall indicate the scale of the drawing and shall use an engineer's scale.
5. The site plan shall have the north arrow pointing either toward the top of the drawing or to the left side of the drawing. The location map and site plan orientation should be identical.
6. The following submissions are required:
 - a) 12 blue-line or black-line prints of the site plan on paper no larger than 24" X 36". Detailed drawings other than the site plan need not be submitted at this time for the site plan review process.
 - b) A good quality black and white reproducible, PMT or velox reduction of the original print shall be submitted at a size ranging from 8 1/2" X 11" to 11" X 17".

B. Specific Requirements

1. The site plan shall show the zoning classification(s) and existing uses of the subject property and all abutting property. It shall also show the approximate location of buildings and driveway locations opposite to and adjacent to the subject property.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.14 Site Design and Development (cont'd)

7.14.1 Site Plan Review (cont'd)

2. The site plan shall indicate the dimensions of the property and shall show the dimensions of existing and proposed buildings to be constructed. The site plan shall indicate any building removals or other alterations to occur on the property.
3. The site plan shall indicate the distance of existing and proposed structure(s) to the right-of-way line and the distances of the structure(s) to the side and rear property lines.
4. The site plan shall indicate by name all adjacent roadways. The site plan shall show both right-of-way and pavement widths measured from the centerline of the roadway.
5. The site plan shall indicate the locations, size (height), and material of all existing and proposed fencing and/or walls on the subject property.
6. The site plan shall show the location, height and dimensions of existing or proposed signs on the property.
7. The site plan shall indicate the width(s) and location(s) of existing or proposed sidewalks if any and drive approach aprons. The drive approach width(s) shall be dimensioned where the apron meets the roadway pavement and shall be dimensioned at the throat.
8. Site plans shall show any ditches, creeks, or other natural features that may affect the development of the property. Where appropriate, the two-foot (2') contours and the 100-year high water elevation shall be shown on the site plan. Information on this requirement may be obtained from the Lucas County Engineer's Office.
9. The site plan shall show the existing and proposed method of storm water drainage and/or areas to be used for storm water detention.
10. The site plan shall show existing and proposed sanitary and storm sewers, watermains and the location(s) of fire hydrants if present. In the event these improvements are not available, the site plan shall indicate the location of proposed or existing wells and/or on-lot sewage systems both on-site and on abutting parcels.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.14 Site Design and Development (cont'd)

7.14.1 Site Plan Review (cont'd)

11. The site plan shall indicate the location of existing or proposed off-street parking spaces and drive aisles with complete dimensions. The drawing shall include the number and size of the proposed parking stalls including handicap spaces. The type of pavement composition of the parking area, i.e., treated gravel, asphalt or concrete shall be indicated. If the off-street parking area is located next to an existing parking area or on another parcel, the method of circulation, if any between the two areas, shall be shown.
12. A site plan with a proposed drive-thru window operation shall indicate where the vehicles will be lined-up and how many vehicles can be stored at one time while waiting to use the order board and/or drive-up window.

7.14.2 Application Procedure

- a. Site plans shall be filed with the Zoning Inspector.
- b. The Zoning Inspector shall transmit the site plan to the staffs of the Lucas County Engineer and Plan Commissions, for review and recommendation. The Zoning Inspector may seek review and recommendation from other county or state agencies, as applicable. This may include, but not limited to, Lucas County Sanitary Engineer, Lucas County Board of Health, and appropriate state agencies (ODOT and EPA).
- c. The Zoning Inspector shall transmit the site plan and the comments and recommendations received from the above county and state agencies to the Zoning Commission for review and recommendation.
- d. The Zoning Commission shall review the site plan and transmit the plan with recommendations to the Zoning Inspector.
- e. No permit shall be issued for any use or change in use prior to the review of the site plan by the Zoning Commission. Conditions and modifications may be attached to these plans.
- f. Minor changes to a site plan may be approved by the Zoning Inspector. Any major change in the site plan once approved, shall require resubmittal of the plan and approval by the Township Trustees. Minor changes or revisions to an approved site plan are allowed for the following:
 1. Adjustments to the size and location of buildings, swimming pools, and other on site structures so long as:
 - a) they do not result in an increase in the number of units over and above those that the plan covers;

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.14 Site Design and Development (cont'd)

7.14.2 Application Procedure (cont'd)

- b) they do not encroach materially into the established setback areas;
 - c) they do not encroach into the designated parking areas to the extent that would necessitate an alteration in the layout of the access drives or provisions for additional parking spaces; and
 - d) they do not create a large building mass either through an increase in their height or length that would magnify their effect on the adjoining areas.
2. Alterations to the proposed drives and/or parking areas so long as they do not encroach into building areas or specified yard or landscaped areas.
 3. Adjustments in the size and location of signs.

A major change is any change that does not meet the criteria under Part A of this section and in addition, is one which would constitute a significant alteration in the basic plan design or result in a use different from those originally intended. A major change shall require approval by the Township Trustees.

- g. Any appeal of the requirements or decisions of enforcement of the provisions herein, by the Zoning Inspector, shall be filed in accordance with the provisions under Section 14B.

7.15 Manufactured Home (Mobile Home) - replacement

Manufactured Homes (Mobile homes) outside a Manufactured (Mobile) Home Park, may be replaced providing the replacement unit meets the requirements of Section 4.4 and other applicable requirements for single-family dwellings.

7.16 Ponds

7.16.1 General Requirements

- a) Ponds shall be permitted in any "A" District on parcels of three (3) acres or greater.
- b) All ponds shall require a permit and meet requirements of Section 11.4 Application and Issuance of Zoning Certificates which includes written application for a zoning certificate accompanied with a site plan. All residential uses on lots of five (5) acres or less and all nonresidential uses shall meet the additional requirements of Section 8 which includes site plan review by the zoning commission.

- c) Ponds shall conform to the U.S. Soil Conservation Service specifications and recommendations.
- d) If a pond is deemed to pose a safety hazard because of the density of development in the vicinity of the parcel, the township may require fencing be installed as specified under Section 7.13. (Revised 5-20-98, Z25-C9)
- e) Ponds which abut more than one (1) lot and or serves as an accessory use for more than one (1) lot, and all of the respective lots associated with the pond shall be platted in accordance with applicable subdivision regulations. (Revised 5-20-98, Z25-C9)
- f) Lots containing ponds used for drainage retention shall be platted in accordance with applicable subdivision regulations. (Revised 5-20-98, Z25-C9)
- g) All ponds shall be reviewed by the Lucas County Building Regulations Department for conformance with applicable flood plain regulations prior to the issuance of a Zoning Certificate (Revised 8-7-02, Z25-C12)

7.16.2 Area and Design Requirements

- a) Minimum pond surface area shall be one fourth (1/4) acre. Maximum surface area shall not exceed 25% of the net acreage of the parcel. (Revised 5-20-98, Z25-C9)
- b) The side slope of a pond shall be horizontal to vertical at a ratio of 3:1 except where a beach is desired. This ratio shall be maintained to a minimum depth of 17 feet.
- c) Beach areas may be sloped no less than at a horizontal to vertical ratio of 10:1 and shall not exceed 25% of the pond surface area.
- d) Ponds shall be graded not to exceed four (4) feet in height so it will not obstruct an adjoining property owner's view. Excess dirt may be redistributed on the parcel, but may not be removed from the site unless determined in the site plan approval that it is deemed necessary for landscaping or to provide adequate drainage of the site.
- e) To prevent adverse effects of drainage to adjoining properties, a drainage system shall be installed to accommodate overflows and surface drainage from pond development, then diverted to a suitable outlet or drainage ditch.

7.16.3 Setback

- a) A pond shall have 100 feet minimum setback from any roadway right-of-way centerline.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.16 Ponds (cont'd)

7.16.3 Setback (cont'd)

- b) Ponds on parcels of five (5) acres or less shall have a side yard setback of not less than 10% of the width of the parcel, with a minimum setback of 25 feet.
- c) A pond shall be located no closer than 100 feet to a septic tank, or leach field.

7.16.4 Refilling

- a) The refilling of an area which has been excavated for the development of a pond shall be considered waste disposal and shall meet the requirements as set forth by the Lucas County Board of Health for solid waste disposal under 3734.05 O.R.C.

7.17 Causes of Blight or Blighting Factors

It is hereby determined that the following uses, structures and activities are causes of blight or blighting factors which, if allowed to exist, will tend to result in blighted and undesirable neighborhoods. No person, firm or corporation of any kind shall maintain or permit to be maintained any of these causes of blight or blighting factors upon any premises in Providence Township owned, leased, rented or occupied by such person, firm or corporation.

- a) The storage upon any premises of any inoperable vehicle for a period of more than 30 days, except in a completely enclosed building.
- b) The outdoor storage upon any premises of building materials unless a zoning permit has been issued by the Township and a building permit issued by the Lucas County Department of Building Regulations not more than one (1) year previously for construction upon said premises, and said materials are intended for use in connection with such construction. Building materials shall include but shall not be limited to lumber, bricks, concrete or cinder blocks, plumbing materials, electrical wiring or equipment, heating ducts or equipment, shingles, mortar, concrete or cement, nails, screws, or any other materials used in constructing any structure. Provided, that outdoor storage of building materials which is not in violation of applicable zoning or safety regulations is permitted if said materials are kept out of view of the public and abutting premises. Provided further, that all construction debris shall be removed from any premises within 30 days after occupancy thereof.
- c) The storage or accumulation of junk, trash, rubbish or refuse of any kind, except domestic refuse stored in such a manner as not to create a nuisance for a period not to exceed 30 days. The term "junk" shall include parts of machinery or motor vehicles, unused stoves or other appliances stored in the open, remnants of wood, metal or any other materials or other castoff materials of any kind whether or not same could be put to any reasonable use.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.17 Causes of Blight or Blighting Factors (cont'd)

- d) The existence of any vacant dwelling, garage, or other out-building unless the same is kept securely locked, windows kept glassed or neatly boarded up, and otherwise protected to prevent entrance thereto by vandals.
- e) In any area the existence of any structure or part of structure which because of fire, wind or other natural disaster, or physical deterioration is no longer usable for its intended purpose. (Revised 4-5-00, Z25-C10)
- f) In any area the existence of any partially completed structure, unless such structure is in the course of construction in accordance with a valid and subsisting zoning permit issued by the Township and a building permit issued by the Lucas County Department of Building Regulation and unless exterior construction is completed within one (1) year after issuance thereof.

7.18 Shopping Center

A Shopping Center shall meet the following requirements:

- a) Contain a minimum lot area of five (5) acres.
- b) Be platted in accordance with applicable subdivision rules and regulations.
- c) Subject to a traffic survey prepared by qualified experts indicating the effect of the proposed shopping on adjacent streets and roadways, also indicating the anticipated points of origin and direction and the amount of traffic flow to and from the shopping center.

7.19 Telecommunication Towers

Pursuant to the Telecommunications Act of 1996 and ORC Section 519.211, and the Township Trustees being duly notified of a person's intent to construct a telecommunication tower on a site located within an "A" or "R" zoning district, this section sets forth standards for the Zoning Commission and Township Trustees to consider when reviewing the special use request. These minimum standards include:

- a) The applicant must provide proof that the proposal to construct a tower or attach equipment to an existing structure has been approved by all other agencies and governmental entities with jurisdiction (ie. Federal Communication Commission, Federal Aviation Administration, Ohio Department of Transportation).
- b) The applicant shall provide proof of notification to adjacent property owners as required by ORC Section 519.211.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.19 Telecommunication Towers (cont'd)

- c) The applicant must demonstrate at the time of application that no technically suitable and feasible site is available in a nonresidential district and that the site is located in the least restrictive district that includes a technically suitable and feasible site.
- d) The structure containing the telecommunication tower shall be located on its own lot which meets the square footage requirements of the district.
- e) The structure shall be located on the lot in conformance with all setback requirements of the district and shall not exceed 100 feet in height.
- f) Structures must be screened with fencing, masonry, shrubbery or other screening materials.
- g) The applicant shall notify the Zoning Inspector within 30 days of ceasing operations at the site and shall remove the structure(s) within 60 days of ceasing operation.
- h) No advertising or illumination other than that required by law may be located on the structure.
- i) The applicant must demonstrate that "co-location" of the telecommunication tower with other telecommunication towers or facilities in the vicinity was considered. Co-location shall be encouraged wherever feasible.

7.20 Adult-Oriented Uses (Revised 5-20-98, Z25-C9)

- 1) Adult-oriented uses shall not be located within 500 feet of any residentially or agriculturally zoned district, school, church, park, playground or other use established specifically for the activities of minors, measured by radius from the location of the adult use.
- 2) Adult-oriented uses shall not be located within a 1,000 foot radius of two other such uses.
- 3) Off-street parking shall be provided in accordance with Section 5, "Off-Street Parking and Loading".
- 4) The Township shall reserve the right to review facilities established under this section after it has been in operation for a period of one (1) year upon the recommendation of the Zoning Commission and/or initiation by the Township Trustees.

7.21 Raising of Livestock (Farm Animals)

The following shall apply to platted subdivisions and areas containing 15 or more lots, each of which are less than five (5) acres in size and contiguous as determined by abutting or being

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)
opposite each other on a public dedicated road:

7.21 Raising of Livestock (Farm Animals) (cont'd)

The breeding, raising or maintaining of farm animals such as horses, pigs, cows, sheep, goats or similar livestock is prohibited on lots of one (1) acre or less. On lots greater than one (1) acre but less than five (5) acres, the maximum number of farm animals allowed shall be one animal unit per acre and such farm animals or structures incident to housing farm animals, shall not be permitted within 50 feet of a dwelling or an adjacent property line. Fencing for containing livestock shall be a minimum of five (5) feet from property lines. (Revised 8-7-02, Z25-C12)

Animal Unit: An animal or animals equal to 1,000 pounds of live weight or less.

7.22 Nursery and Landscaping/Lawn Care Services (Added 4-22-06 – Z25-C13)

7.22.1 General Requirements

- a) A special use permit and site plan review in accordance with Section 7.14 shall be required.
- b) The site shall be located on a major street within the Agricultural zoning district.

7.22.2 Specific Requirements

- a) The only retail activity permitted is the sale of nursery stock and related items.
- b) Machinery and equipment shall not be stored within the required yard areas, and shall be suitably screened or fenced.
- c) Any storage building or other non-residential building shall not be located within the required yard area for such buildings in the Agricultural zoning district.
- d) Off-street parking shall be provided for in accordance with Section 5.3.2.

7.23 Small Wind Turbine (Added 4-02-08 – Z25-C14)

7.23.1 General Requirements:

- a) Small wind turbines shall be allowed in Agricultural “A” districts on parcels two (2) acres or greater in size, and accommodates the tower fall zone.
- b) The small wind turbine powering an electric generator shall service only one residence.
- c) The small wind turbine must be a freestanding tower without guy wires unless a waiver is granted from the Providence Township Board of Zoning Appeals (BZA).

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.23 Small Wind Turbine (cont'd)

7.23.2 Specific Requirements:

- a) The applicant shall provide proof of notification to adjacent property owners as required by ORC Section 519.211.
- b) Height: The total height of the tower shall not exceed eighty (80) feet and the minimum distance between the ground and any protruding blades is 15 feet as measured at the lowest point of the arc of the blades.
- c) Fall zone: The proposed small wind turbine shall be a distance of at least 125% of height of the total structure from any property line, residence, building, and public or private road or right-of-way.
- d) Set-back: No part of the wind system structure, including guy wire anchors which would require a waiver by the Providence Township BZA, shall extend closer than ten (10) feet to the property boundaries of the installation site.
- e) Lighting: The maximum lighting used for or on the structure is a low intensity red light defined by the Federal Aviation Administration.
- f) Electrical generator: The small wind turbine powered by an electric generator shall have a rated capacity of not more than 15 kW.
- g) Noise: Noise coming from the small wind turbine shall not exceed 65 dBA to the nearest property line.
- h) Fencing: The supporting tower shall be enclosed with a six (6) foot high fence unless the base of the tower is not climbable for a distance of twelve (12) feet.
- i) Base: All tower support bases shall be made of concrete.
- j) FAA: The FAA is required to receive notification of any construction or alternation of an object that is more than 200 feet in height above the ground level at the site or if the object is located within 10,000 feet of an airport per FAA, Title 14, Section 77.13.
- k) The applicant shall notify the Zoning Inspector if operations of the small wind turbine cease and shall be removed within 60 days of ceasing operations.
- l) Environmental impact: Applicant will provide evidence that the Metro Parks, the U.S. Department of Fish and Wildlife, and the Ohio Department of Natural Resources were notified of intent to erect a small wind turbine.
- m) The small wind turbine wire shall be placed underground to any structures.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.23 Small Wind Turbine (cont'd)

7.23.2 Specific Requirements (cont'd)

Requirement for issuance of a permit:

Before installation of a small wind turbine, a zoning permit must be obtained; the following requirements must be met to obtain zoning permit for installation of a small wind turbine:

- a) Site plan: A detailed site plan shall be required in accordance with the requirements of Section 6.2.3 and Section 8.5.

7.24 Extraction of Minerals from Borrow Pits

The construction and operation of borrow pits for highway construction purposes creates a real or substantial risk to the public health, safety or general welfare of the Township's citizens and the regulation there for is deemed necessary in the interest of public health and safety.

7.24.1 General Requirements

- a) The term "minerals" shall have the same definition as minerals are defined in ORC 1514.01(B).
- b) The extraction of minerals from borrow pits for highway construction purposes is deemed a Special Use under Section 7 of this Zoning Resolution and shall require a Special Use Permit in all zoning districts and is subject to all of the provisions of Section 7 of this Zoning Resolution.
- c) The application for a borrow pit Special Use Permit shall contain sufficient detail to demonstrate that the borrow pit meets or exceeds all applicable design and development provisions required under Section 10 of this Zoning Resolution.
- d) The application for a borrow pit Special Use Permit shall include the names, addresses, telephone numbers of the applicant and the primary contractor or contractors who will be involved in all aspects of extraction, reclamation and site work, along with a copy of a contract or contracts to provide extracted minerals for highway construction purposes.

7.24.2 Area and Design Requirements

- a) The size of a borrow pit shall be determined by the parcel's location, existing structures on the parcel and availability of minerals therefore the size is not restricted.
- b) Borrow pits shall be graded not to exceed four (4) feet in height so it will not obstruct an adjoining property owner's view.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.24 Extraction of Minerals from Borrow Pits (cont'd)

7.24.2 Area and Design Requirements (cont'd)

- c) The side slopes of a borrow pit shall not exceed a 3:1 ratio horizontal to vertical. This ratio shall be maintained to a minimum depth of 17 feet.
- d) Drainage calculations, sediment and erosion control methods shall be submitted as part of the site plan.
- e) A detailed site grading plan shall be submitted for approval. The plan will include existing and proposed grades, and grades for the land abutting the proposed development from the development boundaries for a distance of approximately 100 feet. All storm drainage must be directed internal and not runoff on to adjacent properties unless approved by the Lucas County Drainage Engineer. The grading plan must be based on Lucas County datum.
- f) If disturbing more than one acre of land, an Ohio EPA, NPDES permit is required and provisions for water quality, sediment and erosion control shall be provided in accordance of this permit.
- g) The application for a borrow pit Special Use Permit shall have attached a detailed landscape plan meeting the requirements of Section 10.4 of this Zoning Resolution.
- h) If a borrow pit is deemed to pose a safety hazard because of the density of development or in close proximity to a road in the vicinity of the parcel, the township may require that a four (4) foot high perimeter fencing be installed after the construction is complete.
- i) Any borrow pit approved hereunder must be fully extracted within 18 months after extraction activities are commenced.
- j) Final landscaping and any required fencing must be completed within 24 months after extraction activities are commenced.
- k) All borrow pit extraction activities shall be performed under a bond in such reasonable amount, as the Township shall determine. Said bond shall be payable to the Township in the event any property owner, applicant or the primary contractor or contractors are determined by the Zoning Inspector to be in violation of the terms or conditions of the Special Use Permit or this Township Zoning Resolution. No extraction activities shall commence until said bond has been approved by formal action of the Board of Trustees.
- l) Inspections of nearby structures and water wells to determine structural integrity and water levels.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.24 Extraction of Minerals from Borrow Pits (cont'd)

7.24.2 Area and Design Requirements (cont'd)

- m) Compliance with Ohio EPA, ODNR, U.S. Army of Corps and other applicable federal, state, and local laws and regulations.
- n) The Zoning Commission or Board of Trustees may also require as a condition of approval, the following specific measures:
 - 1. Identification of specific roads, as approved by the Lucas County Engineer, to be used as the primary means of ingress and egress from the proposed facility;
 - 2. Compliance with reasonable noise abatement measures;
 - 3. Compliance with reasonable dust abatement measures; and
 - 4. Any other measures reasonably related to public health and safety.
- o) The hours of operation shall be limited to:

Monday through Friday:	7:00 a.m. to 7:00 p.m.
Saturday:	7:00 a.m. to 5:00 p.m.
Sunday:	Not permitted

7.24.3 Setback

- a) A borrow pit shall have 100 feet minimum setback from the centerline of public roadway right-of-way.
- b) The minimum side yard setback is 25 feet.
- c) The minimum setback for borrow pits from septic systems or leach fields is 100 feet.

7.24.4 Refilling

The refilling of an area which has been excavated for the development of a borrow pit shall be considered waste disposal and shall meet the requirements as set fourth by the Lucas County Board of Health for solid waste disposal under 3734.05 O.R.C.

7.24.5 Requirement for Issuance of Permit

Provide a written description of location and site plan.

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

7.25 Geothermal Systems

1. Permitted in all zoning classifications.
2. All exposed geothermal equipment must be in the side or backyard. If the system is located in the front yard, the exposed equipment must be landscaped to minimize visibility.
3. No geothermal underground equipment shall extend beyond the property line.

7.26 Solar Energy Systems

1. Solar Energy Systems shall be setback at least ten (10') feet from all rear and side property lines.
2. A Zoning Certificate must be requested by the applicant and approved by the Providence Township Zoning Inspector.
3. A scaled site plan must accompany the application.
4. No solar panels may be located within the front yard or on a side yard adjacent to any roadway.
5. No solar energy system shall be constructed over a septic system.
6. Height standards require the tallest point project no greater than ten (10') feet for ground mounted panels and may not occupy more than thirty (30%) of a required rear yard.
7. Panels should not be attached to any roof that faces the street.
8. A solar energy system shall be maintained in good condition. Maintenance shall include, but not limited to, painting, structural repairs, and integrity of security measures. Site access shall be maintained to a level acceptable to the Providence Township Fire Department and Emergency Management Director and Emergency Medical Services. The owner or operator shall be responsible for the cost of maintaining the solar energy system and any access road(s) unless accepted as a public way.
9. The solar energy system shall be maintained in good working order in accordance with standards of the existing zoning code. Failure of the property owner to maintain the solar energy system in good working order is grounds for appropriate enforcement actions by the Township in accordance with applicable ordinances.
10. A solar energy system must be properly maintained and be kept free of all hazards including but not limited to, faulty wiring, loose fastenings, being in an unsafe

SECTION 7 SUPPLEMENTARY DISTRICT USES AND STRUCTURES (cont'd)

condition or detrimental to public health, safety or general welfare. Weeds and vegetation must be mowed or trimmed. In the event of a violation of any of the foregoing provisions, the Zoning Inspector shall give written notice specifying the violation to the owner of the solar energy system to conform or to remove the solar energy system.

11. Stand-alone solar energy systems shall be subject to conditional use approval in all Zoning Districts.

7.27 Sweepstakes/Internet Cafe

- A. Sweepstakes/Internet Cafes shall not be located within 500 feet from each other.
- B. The hours of operation shall be restricted to 8:00 a.m. to 10:00 p.m.

8.1 Environmental Standards

8.1.1 General

No land or building shall be used or occupied for commercial, industrial or nonresidential purposes which produces any dangerous, injurious, noxious or otherwise objectionable element or condition which could adversely affect the adjacent land or pose a threat to the public health, welfare and safety of persons at the site or external to it. Such uses permitted by this Resolution may be undertaken and maintained if acceptable measures and safeguards are employed to limit dangerous and objection-able elements to acceptable limits as established by the following standards.

- a. Environmental standards will be maintained for air quality, water quality and solid waste disposal as required by the Ohio Environmental Protection Agency and the Ohio Department of Health.
- b. Glare and Heat - No direct glare or reflected lights which are visible from other properties outside the industrial or commercial district shall be permitted.
- c. Vibration and Noise - Noises deemed objectionable to adjacent and nearby properties if determined a nuisance by the Township Trustees, shall not be permitted.

**SECTION 8 SPECIAL PROVISIONS FOR NON-RESIDENTIAL, COMMERCIAL
AND INDUSTRIAL USES (cont'd)**

8.1 Environmental Standards (cont'd)

8.1.1 General (cont'd)

- d. Smoke, dust, particulates and odors - The emission of smoke, dust, particulates or odors which are objectionable or pose a threat to the health and safety of the surrounding area shall not be permitted. Compliance shall be in accordance to Air Quality Standards of the State of Ohio as administered by the City of Toledo, Environmental Services Agency.
- e. All roadways internal to the site will be paved or maintained to minimize dust.
- f. Radiation or electromagnetic disturbance - No device or material which generates hazardous radiation or causes electromagnetic disturbances to nearby areas shall be permitted.
- g. Electrical and telecommunication facilities - All electrical and telecommunication facilities should be hidden from view of adjoining properties and roadways and where feasible will be placed underground.

8.2 Open Storage and Display of Material and Equipment

The open storage and display of material and equipment incident to permitted or conditional nonresidential uses shall be permitted provided the area used for open storage and display shall be effectively screened from all adjoining properties by means of walls, fences or plantings. In no case shall this storage be maintained beyond the front building line. Walls or fences shall be a minimum of four (4) feet in height without advertising thereon. Notwithstanding the requirements of Section 8.4, in lieu of such wall or fence, a strip of land not less than 10 feet in width and planted and maintained with an evergreen hedge or dense planting of evergreen shrubs not less than four (4) feet in height at the time of planting may be substituted.

8.3 Temporary Buildings and Uses

Temporary buildings, structures or uses including housing for seasonal agricultural employees, and/or temporary open storage of equipment shall be permitted subject to approval and conditions by the Board of Zoning Appeals under Section 12

8.4 Landscaped Buffer

- a) For all nonresidential uses (except agriculture) which are within, abut or opposite an "A" or "R" District, a buffered landscaped strip of land 25 feet in width shall be required for all yards. It shall be landscaped with natural screening at a minimum of four (4) feet in height for all uses and shall include an additional four (4) feet of mounding for all industrial and public/semi-public uses. The landscape strip shall be a minimum width of 25 feet for all commercial uses and 50 feet for industrial and public/semi-public uses. The landscape plan shall be subject to approval by the Zoning Commission, with review by the Planning Director of the Lucas County Planning Commission.

**SECTION 8 SPECIAL PROVISIONS FOR NON-RESIDENTIAL, COMMERCIAL
AND INDUSTRIAL USES (cont'd)**

8.4 Landscaped Buffer (cont'd)

- b) For all uses where an "M" District abuts or is opposite an "A" or "R" District, a buffer strip of 50 feet in width shall be required for the front, side and rear of the parcel. This buffer shall include mounding at a minimum of four (4) feet in height and landscaping to extend a minimum of four (4) feet above the highest point of the mound; the landscape plan shall be subject to approval by the Zoning Commission with review by the Planning Director.

8.5 Site Plan Review

A site plan review shall be required for any nonresidential, commercial or industrial uses subject to the requirements under Section 7.14.

9.1 Purpose and Intent

The purpose of the State Route 295 and Interchange Overlay District is to promote and protect public health and safety by providing for consistent and coordinated treatment of the properties bordering State Route 295 and Perry Road, Box Road, Bailey Road, Pollock Road, Yawberg Road and Heller Road in the area of the new interchange with U.S. 24 in Providence Township. State Route 295 is the major north-south route through Providence Township and abuts Waterville Township on the east side from Archbold Whitehouse Road to Mohler Road. As a state route, State Route 295 is a regionally significant roadway that will likely serve as a major commercial corridor as the surrounding townships and villages continue to grow and develop. The State Route 295 Overlay District and Interchange Overlay District provides standards and requirements intended to preserve the environmental qualities of the corridor and manage access to property in a manner that will maintain traffic safety and roadway capacity.

SECTION 9 State Route 295 and Interchange Overlay District (cont'd)

9.2 State Route 295 and Interchange Overlay District Boundaries

The boundaries of the District are hereby established as shown on the Zoning District Map. The District includes those parcels with frontage along the State Route 295 right-of-way to a depth of 1,000 feet from the centerline of the right-of-way along both sides within the township boundary, extending from the north township line to the south where zoning limit stops at Pollock Road. For Perry Road, Box Road, Bailey Road, Pollock Road, Yawberg Road (east side only) and Heller Road (west side only) the district boundaries will be to a depth of 600 feet from the centerline of the right-of-way along both sides within the zoned portion of the township in the area bounded by Perry Road, Heller Road, Pollock Road and Yawberg Road.

9.3 Review and Approval Procedures

Site plan review and approval shall be necessary for all new multi-family or nonresidential development and for any existing multi-family or non-residential structure that is enlarged by 50% or more or when the enlargement contains 5,000 square feet or more in floor area. The site plan review shall be as specified in **Section 7.14** (requiring the submission of a detailed site plan) and by additional provisions in this section. The Ohio Department of Transportation (ODOT) requires a driveway access permit application for any new or modified access, as well as for a change in use for existing driveways. ODOT may require a performance bond for this permit.

9.4 Permitted and Special Uses

All uses which are permitted or special uses in the underlying zoning district(s) except the uses expressly excluded in Section 9.5.

9.5 Excluded Uses

- Adult-oriented uses
- Auction Market
- Automobile/truck repair garage when not in conjunction with new car sales
- Auto wrecking/salvage yard/junk yard
- Boat storage
- Dwelling, Multi-family
- Extraction industry
- Flea market
- Landfill
- Manufactured home, mobile home or industrialized dwelling unit sales
- Manufactured home park
- Off-premises signs
- Pole and Roof Signs
- Sale of fireworks
- Self-service storage facility
- Sweepstakes/Internet Cafe
- Truck transport terminal
- Used car sales when not in conjunction with new car sales

SECTION 9 State Route 295 and Interchange Overlay District (cont'd)

9.6 Accessory Buildings and Uses

All accessory buildings and uses which are permitted in the underlying zoning district(s) are permitted within the district, except that any detached accessory building on any lot shall have on all sides the same architectural features or shall be architecturally compatible with the principal building(s) with which it is associated.

9.7 Development Standards

- a) **Minimum Front Yard Setback.** The minimum front yard setback along State Route 295 shall be the greater of 50 feet from the right-of-way line or 125 feet from the centerline of State Route 295. Parcels with frontage on more than one street shall have a minimum front yard setback from the right-of-way line of the minor street as specified in **Sections 4.5 and 4.6**.
- b) **Minimum Side Yard Setback.** As specified in the underlying zoning district.
- c) **Minimum Rear Yard Setback** As specified in the underlying zoning district. In addition, a twenty-five (25) foot rear yard landscape area shall be provided where the rear yard abuts an agricultural or residential zoning district outside the overlay district.
- d) **Maximum Building Height.** As specified in the underlying zoning district.
- e) **Minimum Front Yard Landscape Area.** Twenty-five (25) feet along State Route 295 and 25 feet along side streets. The landscape area shall be located within the front yard setback area(s) and no off-street parking shall be located within the landscape area. In those instances where a parallel service road is provided within the required front yard the minimum landscape area width shall be ten (10) feet. See **Section 8.4** of this resolution when abutting "A" or "R" districts as a "M" district.
- f) **Lot Frontage.** No existing lot that has frontage on State Route 295 may be subdivided in such a manner so as to reduce such frontage on State Route 295 to less than 200 feet, unless a traffic impact study is reviewed and approved by the Lucas County Engineer and the Ohio Department of Transportation. Existing lots of record at the time of this amendment's adoption with widths of under 200 feet retain their legal status in accordance with **Section 10** of the Zoning Resolution.

9.8 Parking and Loading Requirements

- a) The number of parking spaces required are as established in **Section 5** of this Resolution depending upon the zoning and the intended land use. Parking is prohibited in the front yard landscape area and in the rear yard setback when adjoining a residential district. Efforts to break up large expanses of pavement are to be encouraged by the interspersing of appropriate planting area wherever possible.

SECTION 9 State Route 295 and Interchange Overlay District (cont'd)

9.8 Parking and Loading Requirements (cont'd)

- b) Semi-truck loading berths or bays for merchandise and materials shall be suitably screened by landscaping or fencing.

9.9 Architectural Review Requirements

1. Variation in Massing. Building facades facing public streets shall have visual breaks and incorporate architectural design features. The design of a building façade facing a public street shall reduce its apparent mass or bulk by dividing the building into smaller masses. The apparent mass of a building may be reduced by such techniques as variations in roof form and parapet heights, incorporating clearly pronounced recesses and projections, introducing wall plan offsets, use of other reveals and projections and subtle changes in texture and color of wall surfaces, changes in allowable building materials, use of deep set windows with mullions, use of ground level arcades and second floor galleries/balconies, and other techniques that reduce the apparent mass of a building.
2. Minimum Wall Variegation. Exterior walls shall be variegated in order to add architectural interest and variety and avoid the effect of a single, long or massive wall with no relation to human size. Variegation shall be visually established by using architectural features such as columns, ribs or pilasters, piers, and fenestration pattern.
3. Well-Defined Primary Entrance. The primary building customer entrance(s) shall be clearly defined and contrast with the surrounding wall plane. This can be accomplished with the following techniques individually or in combination: canopies or porticos, overhangs, recesses/projections, arcades, raised corniced parapets over the door, peaked roof forms, arches, architectural details such as tile work and moldings which are integrated into the building structure and design, integral planters or wing walls that incorporate landscaped areas and/or places for sitting, and other architectural techniques with aesthetic distinction.
4. Reduction in Perceived Height. The design of a building greater than two stories shall reduce its perceived height through the use base and top treatments that divide mass into smaller scale components that appear to provide a well-defined base, middle and top to the building. The following examples are techniques that can be used: low planters and walls; base planting; a base architectural veneer banding (wainscot); treatments defined by different materials, texture or color; the addition of covered walkways or architectural awning that provide deep shadow at ground level; features such as distinct and multiple architectural roof forms; clearly pronounced eaves; distinct parapet designs and cornice treatments, and other techniques that reduce apparent height of a building.

SECTION 9 State Route 295 and Interchange Overlay District (cont'd)

9.9 Architectural Review Requirements

5. Minimization of Unsightly Features. The design of the building and building site shall reduce the emphasis on unsightly structures integral to the building function, and any auxiliary structures, which detract from the overall aesthetic quality of the site. Minimally, attention shall be given, but not limited to, the following:
 - a. All building shall have architectural features fully concealing rooftop equipment, such as HVAC units from public view.
 - b. All large waste receptacles shall be completely concealed from public view by structure consistent with the main building exterior material and architecture.
 - c. In order to reduce the scale of parking areas, no single parking area shall exceed 200 spaces unless divided into two or more sub areas separated from each other by landscaping, public streets or buildings.
6. Building Materials and Colors. Predominant building materials on any vertical surface visible from the right-of-way shall be brick, wood, natural stone, cut stone, field stone, cast stone, glass, and stucco, or any combination thereof. The following materials are allowable when integrated with the above materials for accent purposes: exterior insulation and finish systems (EIFS) or equivalent products; colored, fluted and textured concrete block; tilt-up panels; and vinyl siding. Colors shall be low-reflectance, subtle, neutral or earth tone colors. The following exterior building materials may not be used: smooth-faced concrete blocks, smooth-faced tilt-up concrete panels, metal panels, and wood sheet goods.

A Design Review Committee shall consist of the Zoning Commission.

The Zoning Commission shall have the authority to review and approve the plans submitted for architectural design review as part of the Site Plan Review Process to ensure compliance with the provisions of this section. The Zoning Commission may exempt all or parts of the requirements in this section when, in the opinion of the Zoning Commission, the design of the building constitutes a unique building meeting the design intent of the design requirements. Decisions rendered by the Zoning Commission may be appealed to the Board of Zoning Appeals.

9.10 Access Management and Traffic Impact Studies.

Access in the Zoning Overlay District shall be reviewed relative to the distance from other drive approaches and from roadway intersections. Access permits shall be reviewed and approved by the Lucas County Engineer and the Ohio Department of Transportation prior to Township approval. Access options that reduce or eliminate driveways and curb cuts are preferred. When deemed appropriate Providence Township shall require the developer to prepare a traffic impact study.

SECTION 9 State Route 295 and Interchange Overlay District (cont'd)

9.11 Signage Requirements

Notwithstanding the regulations contained in **Section 7.10** “Signs and Outdoor Advertising Structures,” low profile signs shall be the only freestanding sign permitted in the Zoning Overlay district. Other freestanding signs, such as pole signs or off-premises signs that display any commercial message, as well as building projecting signs, shall be prohibited in the Zoning Overlay District.

9.12 Outside Storage or Refuse

All outdoor storage and refuse containment units shall be suitably screened from public view and conform to the requirements of **Section 8.2**.

9.13 Utilities

Utilities shall be underground wherever possible.

9.14 Landscape Buffering Requirements

Buffer yards and landscaping and screening requirements shall conform with **Section 8.4** and other criteria in this resolution.

SECTION 2	Definitions
SECTION 4	Use Regulations
SECTION 11	Enforcement
SECTION 12.3.2	Exceptions

10.1 Intent of Resolution Concerning Non-Conformities

Within the districts established by this Resolution or amendments that may later be adopted there exists lots, uses of land, structures, and uses of structures and land in combination, which were lawful before this Resolution was passed or amended, but which would be prohibited, regulated or restricted under the terms of this Resolution or future amendments. It is the intent of this Resolution to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further the intent of this Resolution that non-conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

10.2 Avoidance of Undue Hardship

To avoid undue hardship, nothing in this Resolution shall be deemed to require a change in the plans, construction, or designated use of any building on which a valid building permit was issued, or actual construction was lawfully begun prior to the effective date of adoption or amendment of this Resolution and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction, provided that the work shall be carried out diligently.

SECTION 10 NON-CONFORMING LOTS, STRUCTURES AND USES (cont'd)

10.2 Avoidance of Undue Hardship (cont'd)

Any nonconforming structure that is ready for or under construction at the time of adoption or amendment of this Resolution may be completed and occupied in accordance with the requirements of a valid building permit and zoning permit issued prior to such adoption or amendment data.

10.3 Single Nonconforming Lots of Record

In any district in which single family dwellings are permitted, a single family dwelling and customary accessory buildings may be erected on any single lot of record existing at the effective date of adoption or amendment of this Resolution, notwithstanding limitations imposed by other provisions of this Resolution. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lot fails to meet the requirements for area and/or width that are generally applicable in the district. Yard dimensions and requirements other than those applying to area and/or width shall conform to the regulations for the district in which such lot is located.

Variances for district requirements, other than lot area or lot width, shall be obtained only through action of the Board of Zoning Appeals as provided in Section 13.2.3.

10.4 Nonconforming Lots of Record in Combination

If two or more nonconforming lots, or portions thereof, with continuous frontage are in single ownership, the BZA may, upon appeal of the Zoning Inspector's decision to deny a zoning permit for failure to meet the requirements of this Resolution, determine that these lots are or are not to be an undivided parcel for the purpose of this Resolution. If considered an undivided parcel, no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this Resolution, nor shall any division of said parcel be made which creates a lot with a width or area below the requirements stated in this Resolution.

If each said parcel is developed separately, a finding shall be made by the Board of Zoning Appeals that such development and density will not be a detriment to the surrounding area.

10.5 Nonconforming Uses of Land

Where, at the time of adoption of this Resolution, lawful uses of land exist which would not be permitted by the regulations imposed by this Resolution, the uses may be continued so long as they remain otherwise lawful, provided:

1. No such nonconforming uses shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this Resolution;
2. No such nonconforming uses shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such uses at the effective date of adoption or amendment of this Resolution;
3. Additional structures which do not conform to the requirements of this Resolution shall not be erected in connection with such nonconforming use of land;
4. If any such nonconforming uses of land are discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), any subsequent use of such land shall conform to the regulations specified by this Resolution for the district in which such land is located. A nonconforming use shall be considered voluntarily discontinued or abandoned:

SECTION 10 NON-CONFORMING LOTS, STRUCTURES AND USES (cont'd)

10.5 Nonconforming Uses of Land (cont'd)

- a) When the intent of the owner to discontinue the use is apparent, or,
- b) When the characteristic equipment and the furnishings of the nonconforming use have been removed from the premises and have not been replaced by similar equipment within the 2-year period, or,
- c) When it has been replaced by a conforming use, or,
- d) When it has been changed to another nonconforming use by first obtaining a permit from the Board of Zoning Appeals.

10.6 Nonconforming Structures

Where a lawful structure exists at the effective date of adoption or amendment of this Resolution that could not be built under the terms of this resolution by reason of restrictions on area, lot coverage, height, yards, its location on the lot, bulk, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such nonconforming structure may be enlarged or altered in a way which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity;
2. Should such nonconforming structure or nonconforming portion of structure be damaged so extensively that such structure is rendered unfit for occupancy by any means, it shall not be reconstructed except in conformity with the provisions of this Resolution;
3. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is move.

10.7 Nonconforming Uses of Structures or of Structures and Land in Combination

If a lawful use involving individual structures, or of a structure and land in combination, exists at the effective date of adoption or amendment of this Resolution that would not be allowed in the district under the terms of this Resolution, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this resolution in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located;
2. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this Resolution, but no such use shall be extended to occupy any land outside such building;

SECTION 10 NON-CONFORMING LOTS, STRUCTURES AND USES (cont'd)

10.7 Nonconforming Uses of Structures or of Structures and Land in Combination (cont'd)

3. If no structural alterations are made, any nonconforming use of a structure or structure and land, may, upon appeal to the Board of Zoning Appeals, be changed to another nonconforming use provided that the Board shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. The appeal procedure (See Section 13.3) requires that the request for substitution be made first to the Zoning Inspector, who must deny the zoning permit. The appeal is then taken to the Board for the final determination. In permitting such change, the Board may require appropriate conditions and safeguards in accord with other provisions of this Resolution;
4. Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed;
5. Where nonconforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land;
6. When a nonconforming use of a structure, or structure and land in combination is discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), the structure or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located. A nonconforming use shall be considered voluntarily discontinued or abandoned:
 - a) When the intent of the owner to discontinue the use is apparent, or,
 - b) When the characteristic equipment and the furnishings of the nonconforming use have been removed from the premises and have not been replaced by similar equipment within the two year period, or,
 - c) When it has been replaced by a conforming use, or,
 - d) When it has been changed to another nonconforming use by first obtaining a permit from the Board of Zoning Appeals.

10.8 Expansion, Repair, and Maintenance

A nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of a structure and land in combination shall not be extended or enlarged after passage of this resolution by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses of a nature which would be generally prohibited in the district in which such use is located.

SECTION 10 NON-CONFORMING LOTS, STRUCTURES AND USES (cont'd)

10.8 Expansion, Repair, and Maintenance (cont'd)

On any nonconforming structure or portion of a structure containing a nonconforming use, work may be done on ordinary repairs, or on repair or replacement of nonbearing walls, fixtures, wiring, or plumbing, provided that the cubic content (floor area) existing when it became nonconforming shall not be increased. Nothing in this section shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

Any lawfully established use of a building or land, established prior to the effective date of this Resolution, or of amendments hereto, that does not conform to the use regulations for the district in which it is located, shall be deemed to be a legal non-conforming use and may be continued, except as otherwise provided herein.

SECTION 2	Definitions
SECTION 4	Use Regulations
SECTION 7	Supplementary District Uses
SECTION 8	Design and Development Standards for Multi-Family, Non Residential, Commercial and Industrial Uses

Because of the trend toward group houses, planned neighborhoods, and other planned developments intended for greater convenience or utility to the public which may necessitate variations from the zoning regulations, such variations may be permitted so as to enhance the community in general by providing amenities which are unique to the community. All planned developments shall be platted in accordance with applicable subdivision rules and regulations.

11.1 General Requirements

- a. A development plan for a Planned Unit Development may be submitted to the Township Trustees and shall be referred to the Zoning Commission for study and review and for public hearings. Notice and publications of such public hearings shall conform to the procedures as provided in Sections 13.2.5 and 13.2.8 for hearings on changes and amendments.
- b. In order for the Commission to better determine that the Planned Unit Development meets all requirements, the developer shall furnish a preliminary plan of the entire tract showing topography, roads, lot lines, lot areas, easements, encumbrances, and other relevant data. The plans shall include the location of existing structures, areas of shrubs and/or trees of 10 inch diameter or more, existing contours, and the proposed grading plan.
- c. A Planned Unit Development shall also meet the following additional conditions:
 1. The property adjacent to the area included in the plan will not be adversely affected.
 2. The buildings shall be used only for single-family, two-family, and multiple-family dwellings; including row houses, the usual accessory uses, and for community activities.
 3. The average lot area per family contained in the site, exclusive of the area occupied by streets, will not be less than the lot area per family required in the district in which the development is located. For the "A" Agricultural District, the minimum lot area per family is one (1) net acre.

SECTION 11 "P.U.D." PLANNED UNIT DEVELOPMENT (cont'd)

11.1 General Requirements (cont'd)

4. A consolidated open space area of 10% of the gross area of the parcel shall be required.

12.1 Zoning Inspector

12.1.1 It shall be the duty of the Township Zoning Inspector who shall be appointed by the Board of Trustees, to enforce this Resolution. It shall also be the duty of all officials and employees of the township to assist the Zoning Inspector by reporting to him upon new construction, reconstruction, or land uses or upon observing violations.

12.1.2 Appeal from the decision of the Zoning Inspector may be made to the Board of Appeals, as provided in Section 13.2.1.

12.2 Zoning Certificates

12.2.1 It shall be unlawful for an owner to use or to permit the use of any structure, building or land, or part thereof, hereafter created, erected, changed, converted or enlarged, wholly or partly, until a zoning certificate shall have been issued by the Zoning Inspector. It shall be the duty of the Zoning Inspector to issue a certificate, provided he is satisfied that the structure, building or premises, and the proposed use thereof conform with all the requirements of this Resolution. No permit for excavation, construction or reconstruction shall be issued by the Zoning Inspector unless the plans, specifications and the intended use conform to the provisions of this Resolution.

12.2.2 Upon written request from the owner or tenant, the Zoning Inspector shall issue a zoning certificate for any building or premises existing at the time of enactment of this Resolution certifying, after inspection, the extent and kind of use made of the building or premises and whether such use conforms to the provisions of this Resolution. No charge shall be made for issuing a zoning certificate in accordance with this paragraph.

SECTION 12 ENFORCEMENT (cont'd)

12.3 Conditions under which Certificates are Required

A zoning certificate shall be required for any of the following, except as herein provided:

- a) Construction or structural alteration of any building, including accessory buildings.
- b) Change in use of an existing building or accessory building to a use of a different classification.
- c) Occupancy and use of vacant land.
- d) Change in the use of land to a use of a different classification.
- e) Any change in the use of a nonconforming use.
- f) A zoning certificate shall be required for all lawful nonconforming uses of land or buildings created by adoption of this Resolution or any amendments.
- g) The conduct of a home occupation. (Revised 8-7-02, Z25-C12)

12.4 Application and Issuance of Zoning Certificates

12.4.1 Written application shall be made for a zoning certificate for the construction of a new building or the alteration of an existing building. Said certificate shall be issued within 10 days after a written request for the same has been made to the Zoning Inspector or his agent, provided such construction or alteration is in conformity with the provisions of this Resolution.

12.4.2 Written application for a zoning certificate for the use of vacant land, or for a change in the use of land or of a building, or for a change in a Nonconforming Use, as herein provided, shall be made to the Zoning Inspector. The application for zoning permit shall be signed by the owner or agent of the owner attesting to the truth and exactness of all information supplied on the application. Each application shall clearly state that the permit shall expire and shall be revoked if work has not begun within one (1) year or substantially completed within two (2) years.

Within 15 days after the receipt of an application, the Zoning Inspector shall either approve or disapprove the application in conformance with the provisions of this Resolution.

All zoning permits shall be conditional upon the commencement of work within one (1) year. One (1) copy of the plans shall be returned to the applicant by the Zoning Inspector, after the Zoning Inspector shall have marked such copy either as approved or disapproved and attested to same by his signature on such copy. One copy of plans, similarly marked, shall be retained by the Zoning Inspector. (Revised 5-20-98, Z25-C9)

12.4.3 Every application for a zoning certificate shall be accompanied by a plot plan, and such plans as may be necessary to show the location and type of buildings to be erected or alterations to be made. Where construction or physical improvement of the land is involved, the lot and location of the buildings to be erected thereon shall be staked out on the ground before construction is started, and all dimensions shown on filed plans shall be based on an actual survey.

SECTION 12 ENFORCEMENT (cont'd)

12.4 Application and Issuance of Zoning Certificates (cont'd)

- a) Each plan shall show:
 - 1. The street providing access to the lot and the exact location of the lot in relation to the nearest cross street.
 - 2. The name of the concerned lot plan, if any, and the lot numbers of the concerned and abutting properties.
 - 3. The actual dimensions of the lot, the yard and other open space dimensions thereof, and the location and size of any existing structure thereon.
 - 4. The location and size of the proposed structure and/or the proposed enlargement of the existing structure.
 - 5. Any other information which in the judgement of the Zoning Inspector may be necessary to provide for the enforcement of this Resolution.

- b) Each plan shall bear statements declaring:
 - 1. That no part of the land involved in the application has previously been used to provide required yard space or lot area for another structure.
 - 2. Which abutting land was formerly that of the owner of the land involved in the application, and, if any, the approximate date of title transfer.

- c) Where complete and accurate information is not readily available from existing records, the Zoning Inspector may require the applicant to furnish a survey of the lot by a registered surveyor.

- d) Each property owner or authorized agent shall be required to attest to the correctness of the statements and data furnished with the application.

- e) Every zoning certificate shall state that the building or the proposed use of a building or land complies with all provisions of law. A record of all zoning certificates shall be kept on file in the Office of the Zoning Inspector or his agent, and copies shall be furnished upon request to any person having proprietary or tenancy interest in the building or land affected.

12.4.4 The Zoning Inspector shall not issue a zoning certificate for any application requiring site plan review prior to recommendation by the Zoning Commission.

SECTION 12 ENFORCEMENT (cont'd)

12.5 Fees For Zoning Certificates

12.5.1 A fee, in accordance with the Providence Township Zoning Certificate Fee Schedule, shall accompany each application for a zoning certificate.

12.5.2 The Zoning Inspector shall forthwith deposit all fees with the Township Clerk who shall credit such fees to the General Revenue Fund of the Township.

12.5.3 Time Limit. A Zoning Certificate shall be valid for a period of six (6) months after the date of issuance.

12.6 Violations and Penalties

It shall be unlawful to locate, erect, construct, reconstruct, enlarge, change, maintain or use, any building or land in violation of any regulation in or any provisions of this Resolution or any amendment or supplement thereto adopted by the Board of Trustees. Any person, firm or corporation violating any regulation thereto, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500.00. Each and every day during which such illegal location, erection, construction, reconstruction, enlargement, change, maintenance, or use continues, may be deemed a separate offense. (Revised 4-22-06 – Z25-C13)

12.7 Violations - Remedies

12.7.1 Any certificate issued upon a false statement of any fact which is material to the issuance thereof shall be void. Whenever the fact of such false statement shall be established to the satisfaction of the Board of Township Trustees, the certificate shall be revoked by notice in writing to be delivered to the holder of the void certificate upon the premises concerned, or, if such holder be not found there, by posting the said notice or revocation in some conspicuous place upon the said premises. Any person who shall proceed thereafter with such work or use without having obtained a new certificate in accordance with this Resolution shall be deemed guilty of violation thereof.

12.7.2 In case any building is or is proposed to be located, erected, constructed, reconstructed, enlarged, changed, maintained or used or any land is or is proposed to be used in violation of this Resolution or any amendment or supplement thereto, the Zoning Inspector, Township Solicitor, or any adjacent or neighboring property owner who would be specially damaged by such violation, in addition to other remedies provided by law, may institute in junction, mandamus, abatement, or any other appropriate action, actions, proceeding or proceeding to prevent, enjoin, abate or remove such unlawful location, erection, construction, reconstruction, enlargement, change, maintenance or use.

13.1 Powers

The Board of Zoning Appeals, hereinafter called the Board, is hereby established by this Resolution and shall serve the purpose to hear and decide on appeals of a lawfully executed order by any administrative official in the enforcement of this Resolution. The Board shall consider and make a determination on requests for variances from the terms and conditions of this Resolution and consider appeals for exception for the use of land, buildings or other structures as applicable under the requirements and conditions of this Resolution.

13.2 Membership

The Board shall consist of five (5) members appointed by Board of Township Trustees. The terms of all members shall be of such length and so arranged that the term of one (1) member will expire each year. Each member shall be a resident of the unincorporated territory described as the zoned area of Providence Township. Members of the Board may be removed from office by the Board of Township Trustees for cause upon written charges and after public hearing. Vacancies shall be filled by Resolution of the Board of Township Trustees for the unexpired term of the member affected.

SECTION 13 BOARD OF ZONING APPEALS (cont'd)

13.3 Jurisdiction

The Board shall have appellate jurisdiction relative to appeals and variances including the granting of exceptions as provided herein.

13.3.1 Appeals

- a) The Board shall have the power to hear and decide where it is alleged there is an error in any order, requirement, decision or determination made by any administrative official in the enforcement of this Resolution.
- b) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the Zoning Inspector shall certify to the Board of Zoning Appeals after the notice of appeal shall have been filed with it, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by restraining order which may be granted by the Board or by a court of equity, after notice to the officer from whom the appeal is taken and on due cause shown.
- c) The Board may, in conformity with the provisions of this Resolution, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and shall make such order, requirement, decision or determination as in its option ought to be made in the premises; and to that end, shall have all powers of the Zoning Inspector from whom the appeal is taken.

13.3.2 Exceptions

In hearing and deciding appeals, the Board shall have the power to grant an exception in the following instances:

- a) **Interpretation**
Interpret provisions of this Resolution in such a way as to carry out the intent and purpose of the plan, as shown upon the map fixing the several districts, accompanying and made a part of this Resolution where the street layout actually on the ground varies from the street layout as shown on the map aforesaid.
- b) **Replacement of Nonconforming Buildings**
Permit the reconstruction of a nonconforming building which has been damaged by explosion, fire, act of God, or the public enemy, to the extent of more than 60% of its fair market value where the Board finds some compelling necessity requiring a continuance of the nonconforming use and the primary purpose of continuing the nonconforming use is not to continue a monopoly.
- c) **Modification of Parking and Loading Space Requirements**
Permit the modification of the automobile parking space or loading space requirements where, in the particular instance, such modification will not be inconsistent with the purpose and intent of such requirements; or permit

SECTION 13 BOARD OF ZONING APPEALS (cont'd)

13.3 Jurisdiction (cont'd)

13.3.2 Exceptions (cont'd)

- (1) the waiver of the requirement that automobile parking space be provided on the same lot with a dwelling, if other suitable and convenient parking space is available within or without a building; or
 - (2) the dual use of parking facilities (i.e. by stores during the day and theaters during the evening) provided there is no overlapping of use and the parking space requirements for each building or use are complied with during each period.
- d) **Public Parking Areas Location**
Permit in any "A" or "R" District, public parking areas or storage garages adjacent to any existing or proposed use in the multiple dwelling, commercial or industrial districts.
- e) **Use Impact Determinations**
Determine whether an industry should be permitted within an "M" Industrial District because of the methods by which it would be operated and because of its effect upon uses within surrounding zoning districts.
- f) **Substitution of Nonconforming Uses**
The substitution of a nonconforming use existing at the time of enactment of this Resolution of another nonconforming use, if no structural alterations except those required by law or resolution are made; provided, however that in an "A" or "R" District, no change shall be authorized by the Board to any use which is not a permitted or special use in any "A" or "R" District, and in a "C" District no change shall be authorized to any use which is not a permitted or special use in any "C" District.
- g) **More Than One (1) Main Use on a Parcel**
Within any zoned district, the placing of more than one (1) main building on a lot, when all of the buildings are intended to be operated as a single enterprise and the lot and all portions of it are owned, leased, or under option by a single party. In such cases, the yard requirements shall apply along all edges of the lot, but shall not be required for the internal arrangement of the buildings on the lot. Height, bulk, and lot area per family shall apply as in the case of one (1) main building located on a lot. An application for the placing of more than one (1) main building on a lot shall be accompanied by a site plan. Proposals for placing more than one (1) residential main building on a lot shall be referred to the Zoning Commission for review of the site plan, and Zoning Commission approval of the site plan shall be prerequisite to final approval by the Board of Zoning Appeals.

SECTION 13 BOARD OF ZONING APPEALS (cont'd)

13.3 Jurisdiction (cont'd)

13.3.2 Exceptions (cont'd)

h) **Temporary Structures and Uses**

Permit the temporary use of a structure or premises in any district for a purpose or use that does not conform to the regulations prescribed elsewhere in this Resolution for the district in which it is located, provided that such use be of a temporary nature and does not involve the erection of a substantial structure. A zoning certificate for such use shall be granted in the form of a temporary and revocable permit, for not more than a 12 month period in undeveloped sections of the Township and not more than six (6) months in developed sections, subject to such conditions as will safeguard the public health, safety, convenience and general welfare. A Mobile Home shall be considered a temporary building for purposes of use during construction or reconstruction of a permanent dwelling. The Board may renew this permit once for the above time period respectively.

13.3.3 Variances

In hearing and deciding appeals, the Board shall have the power to authorize such variances from the provisions or requirements of this Resolution as will not be contrary to the public interest. In authorizing a variance, the Board may attach conditions and require such guarantee or bond as it may deem necessary to assure compliance with the objectives of this Resolution. On appeal where there is unnecessary hardship, the Board may grant a variance in the application of the provisions of the Zoning Resolution only if all of the following findings are made:

- a. That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness of lot size or shape, or exceptional topographical or other physical conditions generally created by the provisions of the Zoning Resolution in the neighborhood or district in which the property is located.
- b. That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Resolution and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- c. That such unnecessary hardship has not been created by the appellant.
- d. That the variance, if authorized, will not alter the essential character of the neighborhood or district in which the property is located, nor substantially or permanently impair the appropriate use of development of adjacent property, nor be detrimental to the public welfare.
- e. That the variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

SECTION 13 BOARD OF ZONING APPEALS (cont'd)

13.3 Jurisdiction (cont'd)

13.3.4 Nonconforming Uses - Extensions or Permit

The Board shall have the authority to grant an extension or permit completion of a building devoted to a nonconforming use upon a lot occupied by such building, or on a lot adjoining, provided that such lot was under the same ownership as the lot in question on date such building became nonconforming, and where such extension is necessary and incidental to the existing use of such building; provided, however, that the floor areas of such extension shall not exceed in all 100% of the floor area of the existing building or buildings devoted to a nonconforming use.

13.4 Procedures

Appeals, variances and conditional uses shall conform to the procedures and requirements of this Resolution.

13.4.1 Application

- a) **Application:** All applications shall be in writing, shall be signed by the owner of the property involved or his duly authorized agent or attorney, shall specify the request and grounds thereof, and shall be filed in the office of the Zoning Inspector.
- b) An appeal from any action, refusal or ruling of the Zoning Inspector shall be filed within 20 days after such action or refusal or the announcement of such ruling. The Zoning Inspector shall forthwith transmit to the Board all the papers constituting the record upon which the action or ruling appealed from was taken.

13.4.2 Review by Other Officials The Board of Zoning Appeals may request additional information or review of the appeal, variance, or request for an exception by other Township officials, County agencies, or the Lucas County Planning Commission. Said information or review shall be delivered to the Board of Zoning Appeals within 45 days after the receipt of the request. Failure to disapprove the same within such period shall constitute approval thereof.

13.4.3 Public Hearing and Notice The Board shall hold a hearing on each appeal after at least a 10 day notice, both in writing to the parties of interest and by publishing in one (1) or more newspapers of general circulation in the Township, stating the time and place thereof. The Board shall make its findings and determination in writing within 40 days from the date of the filing of the appeal or in the case of an application for a conditional use within 30 days after receipt of the review or information requested from other County and Township officials and agencies or expiration of the time limit as provided for in 12.4.2. A copy of such findings and determination shall be transmitted to the applicant within 30 days thereafter.

SECTION 13 BOARD OF ZONING APPEALS (cont'd)

13.4 Procedures (cont'd)

13.4.4 Supplemental Conditions and Safeguards In granting any appeal, variances or exception, the Board may prescribe appropriate conditions and safeguards in conformity with this Resolution. If the application is approved or approved with modifications, the Board shall direct the Zoning Inspector to issue the permit listing the specific conditions of approval specified by the Board. Violations of such conditions and safeguards, when made a part of the terms under which the use is granted, shall be deemed a violation of this Resolution and punishable under Section 11.4.

13.4.5 Schedule of Fees, Charges, and Expenses The Board of Township Trustees shall, by resolution, establish a schedule of fees, charges, and expenses and a collection procedure for appeals, variances, or consideration of appeal for exception and other matters pertaining to the administration and enforcement of this Resolution requiring investigations, inspections, legal advertising, postage, and other expenses. The schedule of fees shall be posted in the office of the Zoning Inspector, and may be altered or amended only by the Township Trustees. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.

13.4.6 Record of Appeals, Variances, and Conditional Uses A public record of all appeals, variances, and appeal for exception and their disposition shall be kept on file in the office of the Zoning Inspector.

13.4.7 Appeal of Board Decisions If the application is disapproved by the Board, the applicant may seek relief through the Court of Common Pleas. Appeals from Board decisions shall be made within 10 days of the Board's written decision.

13.4.8 The Board of Zoning Appeals has the power to revoke a variance or conditional use for noncompliance. The Board shall notify the affected party of their intent to revoke by the mailing of a notification by certified mail. The affected party has the right to request a hearing within 30 days of the mailing of the notification, in which case the Board shall notify the party of the time and place of the hearing. Revocation of a variance or an appeal for exception shall become effective 30 days after notice has been given, unless a hearing has been requested.

SECTION 2	Definitions
SECTION 4	Use Regulations
SECTION 9	Supplementary District Uses
SECTION 10	Design and Development Standards for Multi-Family, Non Residential, Commercial and Industrial Uses

14.1 Authority

Whenever the public necessity, convenience, general welfare, or good zoning practices require, the Township Trustees may, by resolution, after receipt of recommendation thereon from the Zoning Commission and subject to the procedures provided by law, amend, supplement, change or repeal the regulations, restrictions, and boundaries or classification of property, now or hereafter established by this Resolution.

14.2 Procedures

14.2.1 Initiation of Zoning Amendments

Amendments to this Resolution can be initiated in one (1) of the following ways:

1. By adoption of a motion by the Zoning Commission;
2. By adoption of a resolution by the Township Trustees;
3. By the filing of an application by at least one (1) owner of said property proposed to be changed or affected by said amendment.

14.2.2 Application

The application for amendment or district changes shall be made on forms prescribed by, and obtainable at the office of the Zoning Inspector. This application shall be accompanied by information or data indicating the necessity for, or desirability of, the change requested.

SECTION 14 AMENDMENTS (cont'd)

14.2 Procedures (cont'd)

14.2.3 Fees

A fee shall be paid upon the filing of the application in accordance with the fee schedule as shown in Section 12.5. All additional expenses incurred by the Township in excess of the minimum required fee shall be paid by the applicant. No action shall be taken on an application until all fees have been paid in full.

14.2.4 Transmittal to Zoning Commission

Immediately after the adoption of a resolution by the Board of Township Trustees or the filing of an application by at least one (1) owner of the property, said Resolution or application shall be transmitted to the Zoning Commission. The date that the Zoning Commission accepts the said Resolution or application shall constitute the official filing date. All time limits shall commence from said filing date. The Zoning Commission shall record, in the official minutes, actions taken on all resolutions and applications submitted to them for review (i.e. Submitted to County Planning Commission for review. Application incomplete, have requested further information from applicant.)

14.2.5 Public Hearing and Notice by Zoning Commission

The Zoning Commission shall schedule a public hearing after the adoption of their motion, transmittal of a resolution from the Board of Township Trustees, or the filing of an application for zoning amendment. Said hearing shall be not less than 20 nor more than 40 days from the date of adoption of such motion, transmittal of such resolution, or the filing of such application. Notice of such hearings shall be given as follows:

1. A notice of such hearing shall be given by the Zoning Commission by at least one (1) publication in one (1) or more newspapers of general circulation of the Township at least 10 days before the date of said hearing. This notice shall set forth the time and place of the public hearing, the nature of the proposed amendment, and a statement that after the conclusion of such public hearing the matter will be referred to the Board of Township Trustees for further determination.
2. If the proposed amendment intends to rezone or redistrict 10 or less parcels of land, as listed the tax duplicate, written notice of the hearing shall be mailed by the Zoning Commission, by first class mail, at least 10 days before the date of the public hearing to all owners of property within, contiguous to, and directly across the thoroughfare from such areas proposed to be rezoned or redistricted to the address of such owners appearing on the County Auditor's current tax list or the Treasurer's mailing list and to such other list or lists that may be specified by the Board of Township Trustees. The failure to deliver the notice shall not invalidate any such amendment. The notice shall contain the same information as required on notices published in the newspaper(s).

SECTION 14 AMENDMENTS (cont'd)

14.2 Procedures (cont'd)

14.2.5 Public Hearing and Notice by Zoning Commission (cont'd)

3. The applicant must post in a secure fashion and maintain one or more on-site notices within five (5') feet of the lot line adjacent to the public road during the period in which the application is being considered by the Lucas County Planning Commission, Providence Township Zoning Commission and Providence Township Board of Trustees. The applicant shall remove the posted notices within ten (10) day after the decision of the Board of Trustees. No one except the applicant, agent or Township shall remove or tamper with any such notice during the time it is required to be posted and maintained. Providence Township will provide the form of the notice and its content. (Added 4-22-06 – Z25-C13)

14.2.6 Submission to County Planning Commission

Within five (5) days after the adoption of a motion by the Commission, transmittal of a resolution by the Board of Township Trustees or the filing of an application by at least one (1) owner, the Zoning Commission shall transmit a copy of such motion, resolution, or application with the text and map(s) pertaining to the case in question to the County Planning Commission. The County Planning Commission shall recommend the approval or denial of the proposed amendment or the approval of some modification thereof and shall submit such recommendation to the Zoning Commission. Such recommendation shall be considered at the public hearing held by the Zoning Commission.

14.2.7 Recommendation by Zoning Commission

Within 30 days after the scheduled public hearing, the Zoning Commission shall recommend to the Board of Township Trustees that:

- 1) the amendment be granted as requested;
- 2) it may recommend a modification of the amendment requested; or
- 3) it may recommend that the amendment not be granted.

The Commission shall keep minutes of its proceedings showing the vote of each member upon each question shall keep records of its examinations and other official actions, all of which shall be filed in the office of the Commission, and shall be a public record.

14.2.8 Public Hearing and Notice by Township Trustees

Within 30 days from the receipt of the recommendation of the Zoning Commission, the Board of Township Trustees shall hold a public hearing.

SECTION 14 AMENDMENTS (cont'd)

14.2 Procedures (cont'd)

14.2.8 Public Hearing and Notice by Township Trustees (cont'd)

Notice of such hearing shall be given by the Township Trustees by at least one (1) publication in one (1) or more newspapers of general circulation of the Township at least 10 days before the date of said hearing. This notice shall set forth the time and place of the public hearing and the nature of the proposed amendment.

14.2.9 Action by Board of Township Trustees

Within 20 days after the public hearing, the Board of Township Trustees shall either adopt or deny the recommendation of the Zoning Commission or adopt some modification thereof. In the event the Township Trustees denies or modifies the recommendation of the Commission, the unanimous vote of the Township Trustees is required.

14.3 Effective Date and Referendum

Such amendment adopted by the Township Trustees shall become effective 30 days after the date of such adoption unless within 30 days after the adoption of the amendment there is presented to the Township Trustees a petition, signed by a number of qualified voters residing in the unincorporated area of the Township or part thereof included in the zoning plan equal to not less than eight (8) percent of the total vote cast for all candidates for Governor in such area at the last preceding general election at which a Governor was elected, requesting the Township Trustees submit the amendment to the electors of such area, for approval or rejection, at the next primary or general election.

No amendment for which such referendum vote has been requested shall be put into effect unless a majority of the votes cast on the issue is in favor of the amendment. Upon certification by the Board of Elections that the amendment has been approved by the voters, it shall take immediate effect.
