 - b. Variance: Is defined as a modification of the literal provisions of the Zoning Resolution granted when strict enforcement of the Resolution would cause undue hardship owing to circumstances unique to the individual property for which the variance is granted.

The crucial factors of a variance are undue hardships and unique circumstances applying to the property. A variance is not justified unless both elements are present in the case.

The Exception differs from the Variance in several respects. An exception does not require "undue hardship" in order to be allowed. The exceptions, as stated within applicable provisions of the Resolution, are a form of "special approval" of review by the Zoning Board of Appeals.

ARTICLE V

GENERAL PROVISIONS

SECTION 500 SCOPE OF THE ZONING RESOLUTION

The provisions of this Zoning Resolution shall apply to all land in the Township of Jackson, Richland County, Ohio, and no building or structure or part thereof, shall be erected, converted, reconstructed or structurally altered, nor shall any building or land be used, designed, or arranged for any purpose, except in conformity with the provision of this Resolution.

SECTION 500.1 NON-CONFORMING USES

Intent: Within the districts established by this Resolution or amendments that may later be adopted, there exist lots, uses of land, structures, and uses of structures and land in combination which were lawful before this Resolution was passed or its present amendments adopted, but which would be prohibited, regulated, or restricted under the terms of this Resolution or amendments. It is the intent of this resolution to permit these non-conformities to continue until they are removed, but not to encourage their survival.

Incompatibility of Non-Conformities: Non-conformities are declared by this Resolution to be incompatible with permitted uses in the districts in which such use is located. A non-conforming use of land or a non-conforming use of a structure and land in combination shall not be extended or enlarged more than ten (10) percent. However, a non-conforming use which is more consistent with the current zoning may be substituted for an existing use.

Avoidance of Undue Hardship: To avoid undue hardship, nothing in this Resolution shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this Resolution and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction, providing that work shall be carried out diligently.

Single Non-conforming Lots of Record: In any district in which single family dwellings are permitted, a single family dwelling and customary accessory buildings may be erected on a single lot of record at the effective date of adoption of an amendment of this Resolution. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable within the district, provided that yard dimensions and requirements other than those applying to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. Variances of requirements of this Resolution other than lot area or lot width shall be obtained only through action of the Board of Zoning Appeals as provided in Article VII. No

portion of any lot shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this Resolution.

Non-Conforming Uses of Land: Where, at the time of adoption of this Resolution, lawful uses of land exists which would not be permitted by this Resolution, the uses may be continued so long as they remain otherwise lawful, provided:

1. No such non-conforming uses shall be enlarged or increased, nor extended, to occupy more than (10) percent more of the area of land than was occupied at the effective date of the adoption or amendment of this Resolution.
2. No such non-conforming uses shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such uses at the effective date of the adoption or amendment of this Resolution.
3. If any non-conforming uses of land are discontinued or abandoned for more than two (2) years, any subsequent use of such land shall conform to the regulations specified by this Resolution for the district in which such land is located.
4. No additional structures not conforming to the requirements of this Resolution shall be erected in connection with such non-conforming use of land.

Non-conforming Structures: Where a lawful structure exists at the effective date of the adoption or amendment of this Resolution that could not be built under the terms of this Resolution by reason of restrictions on area, lot coverage, height, yards, its location on the lot, bulk, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in a way which increases its non-conformity, but any structure or portion thereof may be altered to decrease its non-conformity.
2. Should such non-conforming structure or non-conforming portion of a structure be destroyed by any means, it may be reconstructed.
3. Should any structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

Non-conforming Uses of Structures and Land in Combination: If a lawful use involving individual structures, or a structure and land in combination, exists at the effective date of adoption or amendment of this Resolution that would not be allowed in the district under the terms of this Resolution, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this Resolution in the district in which it is located shall be enlarged or extended by more than ten (10) percent, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located.
2. Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such a use at the time of adoption or amendment of this Resolution, but no such use shall be extended to occupy any land outside such building.
3. Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use for a period of two (2) years, shall thereafter conform to the regulations for the district, and the non-conforming use may not thereafter be resumed.
4. When a non-conforming use of structure, or structure and land in combination, is discontinued or abandoned for more than two (2) years the structure, or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.
5. Where non-conforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land.

Repairs and Maintenance: On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing, provided that the cubic content existing when it became non-conforming shall not be increased except as here above provided. Nothing in this section shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.
