

Town of Waterville

Zoning Ordinance

This ordinance is established to promote the prosperity of the Town of Waterville (“Town”), more specifically, to promote the health, safety, morals and the general welfare of the community.

Purposes:

To implement an ordinance providing for the regulation and control of land use, building, land subdividing and platting of existing parcels in the Town, establishing procedures and requirements for the surveying, mapping, measuring and recording of all subdivided land; to further the orderly layout and use of land; to secure safety from fire and other dangers; to prevent overcrowding of land; to avoid undue concentration of population; to insure the maximum preservation of agricultural land for agricultural purposes; and to facilitate adequate provisions for transportation, water, sewerage and other public requirements.

Authority:

These regulations are adopted under the authority granted by §§60.62(1), 61.35 and 62.23, Wis. Stats. The Town of Waterville, Pepin County, Wisconsin, does ordain as follows:

Uses:

Permitted Uses. Permitted uses for each zoning district may be undertaken in that district upon compliance with other applicable laws and ordinances (for example, building permits, sanitary system regulations, operator’s licenses, etc.).

Conditional Uses. Conditional uses for each zoning district may not be undertaken in that district, except upon approval of a conditional use permit, and upon compliance of the use with other applicable laws and ordinances.

See Section V for details on how to apply for a conditional use.

Temporary Uses. The following temporary uses may be established in any district from which they are otherwise excluded by the regulations of this Ordinance, under the conditions hereinafter specified:

1. Temporary buildings and the temporary storage of materials and equipment incidental to the construction of buildings on the premises.
2. A house trailer or mobile home to be occupied by an owner or builder, while residential construction is in progress.

Permits for such uses shall be required if such use will, or does persist for more than four months. The permit may be issued by the Town Board and shall allow the temporary use for a

period not to exceed one year. Extensions of the use beyond one year shall require a conditional use permit.

Uses Not Listed. Uses not listed as either permitted uses or conditional uses in a zoning district may not be undertaken in the district without a variance.

Nonconforming Uses and Structures. Commonly referred to as “grandfathered,” non-conforming uses are uses that were lawful under the existing laws at the time they began, but would no longer be permitted under current laws. See Section VI for details on those circumstances when nonconforming uses may be continued.

Districts:

For the purpose of this ordinance, the Town of Waterville, Pepin County, Wisconsin is hereby divided into four districts, as follows:

1. Residential District
2. Mixed Use Commercial-Residential District
3. Agricultural-Residential District
4. Agricultural District

The boundaries of the aforesaid districts are hereby established as shown on the map entitled Town of Waterville Zoning Map, which map accompanies and is made a part of this ordinance. All notations and references shown on the Zoning Map are as much a part of this ordinance as though specifically described herein.

Section I: Residential District Use.

A. Purpose. The residential district is created to establish and protect the essential characteristics of areas within which predominantly low-density residential use should occur, along with certain community and recreational uses to serve the residents of the district. Multiple-family residential uses shall be allowed as conditional uses where permitted by the Town Board upon application of standards intended to protect the public interest.

B. Permitted uses.

1. Single and two family dwellings
2. Accessory buildings, including private garages and buildings clearly incidental to the residential use of the property; provided, however, that no accessory building may be used as a separate dwelling unit.

2. Professional office.
3. Residential day-care facility.
4. Warehousing or mini-storage facility.
5. Multiple family dwellings (three or more, such as apartment buildings, senior housing, assisted living, and nursing homes). Multiple family dwellings may be permitted if the Town Board finds:
 - a. The establishment of the use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.
 - b. The uses, values and enjoyment of other property in the neighborhood shall be in no foreseeable manner substantially impaired or diminished by the establishment of the use.
 - c. The establishment of the use will not impede the normal and orderly development of the surrounding property for uses permitted in the district.
 - d. Adequate utilities, access roads so designed as to minimize traffic congestion on public streets or highways and other hazards, drainage and other necessary site improvements have been provided. The Board may require a bond or other security to assure completion of agreed improvements.

D. Setbacks, street access, miscellaneous.

1. Street: Unless otherwise provided, there shall be a 50 foot setback from the centerline of the street to any building or projection thereof.

Section II: Mixed Use Commercial-Residential District.

A. Purpose. B. Permitted Uses.

1. The permitted uses in the Residential District.
2. General commercial uses such as:
 - a. Retail establishments, including repair businesses, and barber and beauty shops.

Section III: Agricultural-Residential District.

A. Purpose: The agricultural-residential district is created to establish areas within which agricultural uses, commercial uses serving agriculture, limited institutional uses, and limited residential uses may be located. This district is intended to include areas in which exclusivity of agricultural use on an area-wide basis is not warranted because of such factors as the existence of mixed uses prior to the date the district was established and located, demonstrated or expected ability of farm and selected nonfarm uses to exist in close proximity without undue conflict, proximity to existing urban areas, or a determination that the area is in a state of transition to urban-residential character.

B. Permitted Uses.

1. The permitted uses in the Residential District.
2. The permitted uses in the Agricultural District.
3. Roadside produce stands.

C. Conditional Uses.

Agricultural supply business such as farm machinery dealers and seed, fertilizer and chemical dealers, and industries which process agricultural products largely produced on nearby farms, also nursery which includes landscape supply business whose property has frontage on a state or county highway.
3. Kennels, when located not less than 600 feet from any lot line shared with premises devoted to residential uses (except for the residence of the owner of such kennels, his family, agents, employees or tenants).
4. Licensed game management or fur farms as set forth in Chapter 29 of the Wisconsin Statutes.
5. Limited (in duration or scope as determined by the Town) commercial recreational activities which are found to be subordinate to the primary agricultural use of the property which are compatible with the agricultural use on that and surrounding

properties, and which are not likely to attract other related commercial uses. For example, a pick your own berry or fruit operation, a corn maze, or a one-time farming promotional event.

6. Subdivisions. Subdivisions that may be permitted under the Pepin County subdivision ordinance also require a conditional use permit from the Town.
7. Veterinary medical facilities.

D. Conditional Uses.

1. Street: Unless otherwise provided, there shall be a 50 foot setback from the centerline of the street to any building or projection thereof.
2. Side: There shall be a side setback line of not less than 25 feet from side property lines.
3. Rear: There shall be a rear setback line of not less than 10 feet from the rear property line.
4. Access: All lots shall abut a public street.

Section IV: Agricultural District.

A. Purposes. The purposes of the Agricultural District are to:

1. Preserve agricultural land for food and fiber production;
2. Protect productive farms;
3. Maintain a viable agricultural base to support agricultural processing and service industries;
4. Prevent conflicts between incompatible uses;
5. Reduce costs of providing services to scattered non-farm uses;
6. Implement the provisions of the county agricultural plan as adopted and periodically revised; and

Application for any use listed in this Ordinance as a conditional use must be made to the Town by the owner(s) of the property on forms furnished by the Building Inspector, Zoning Administrator or Town Clerk. Conditional use permit applications can include single parcels of land or grouping of parcels contiguous or noncontiguous. A fee as set from time to time by resolution of the Town Board, plus costs of publication payable to the Town shall accompany the application. The Town shall also require all other reasonable expenses associated with the request be paid by the applicant, including but not limited to town's attorney fee and engineering costs.
3. Upon receipt of a completed application and fee, the Town Clerk shall forward the application to the Zoning Administrator for initial review. The Zoning Administrator shall confer with the Clerk and set a date a review by the Land Use/Zoning Committee. 5. After the public hearing, the Town Board shall deliberate the matter. The Town Board may decide the matter at that meeting, ask for additional information from the applicant, or adjourn to another date for any reason.
6. Determination in writing. The conditions of approval or reasons for disapproval shall be stated in writing by the Town Board and made a permanent part of the minutes and furnished to the applicant.
7. The Town may set any conditions on the conditional use it determines are in the best interest of the public health, safety and welfare.
8. Recording. When a conditional use permit is approved, an appropriate record shall be made of the land use and structures permitted, and such grant shall be applicable solely to

the structures, use and property so described. The Town may record a conditional use permit with the register of deeds.

9. Termination. Where a conditional use does not continue in conformity with the conditions of the original approval, the conditional use shall be terminated by action of the Town Board, preceded by a public hearing and notice to affected parties.
 10. Time to act upon application. The Board shall act on an application in the manner above described within 40 days of receiving the application, but if additional information is required by the Board, the Board's decision may be further deferred until after receipt of such information.
- C. Request for additional information.** Before passing upon an application for a conditional use, the Town Board may require the applicant to furnish further relevant information. The requirement may be for specific points of information as described in this section, or it may be to have the required information compiled in the format of an environmental impact statement on questions on which it requires research and data.
- D. Conditions.** The Board may make the granting of an application for a conditional use contingent upon such express conditions as it considers necessary to further the aims of this Ordinance. These conditions may include, but are not limited to, specifications of:
1. The hours of the day or other period of time in which all or part of the use may be permitted.
 2. The life of the permit may be limited by time or by a sunset clause based upon a condition or conditions.
 3. Increased setback and yard dimensions, or limits on height of buildings or structures.
 4. Specified sewerage disposal and water supply facilities.
 5. Landscaping and planting screens.

 12. Type of shore cover.
- E. Reviews and appeals.** Any person or persons aggrieved by a decision of the Town Board as relates to a determination of a conditional use application may, within 30 days after the filing of the decision in the office of the Town Clerk, commence an action seeking the remedy available by certiorari.

Section VI: Nonconforming Uses, Structures and Lots.

A. Purpose and Intent. Under a policy sometimes known as “grandfathering,” certain lawful uses, structures and lots which were in existence at the time this Ordinance was enacted may not be permitted under the terms of this Ordinance, and will be considered legal nonconforming uses pursuant to this Section VI. It is the purpose and intent of this Section to comply with state law protecting nonconforming uses and structures as the law requires. A use which was not lawful at the time this Ordinance was enacted does not gain legal nonconforming status.

B. Nonconforming Uses.

1. The continued lawful use of a building, premises, structure or fixture existing on the effective date of this Ordinance or on any later amendment to this Ordinance that makes the previously lawful use nonconforming may not be prohibited (except as described below), even though the use does not conform to the provisions of this Ordinance. Nonconforming uses shall not be extended, enlarged or expanded except as provided for in this Section.
2. Otherwise legal uses of land in the Town on the effective date of this Ordinance shall be treated as non-conforming uses to the extent that the existing use is not a fully permitted use in the zoning district in which the use is located on the Town's Official Zoning Map. Landowners with nonconforming use rights can also seek conditional use permits under this Ordinance to more fully protect their use rights where the use is otherwise eligible for such a permit.
3. Nonconforming uses shall not be extended. The total structural repairs or alterations to a building, premises, structure or fixture that supports a non-conforming use shall not, during its life, exceed 50% of the assessed value of the said building, premises, structure or fixture unless permanently changed to a conforming use.
4. Legal nonconforming uses run with the land. However, if a nonconforming use is discontinued for a period of twelve months, any future use of the building, premises, structure or fixture shall conform to this Ordinance.
5. The illegal expansion of a nonconforming use invalidates the legal nonconforming use as well as the illegal expansion.

C. Nonconforming Structures.

1. Except as set forth in Subsection D (below), the restoration of a damaged or destroyed nonconforming structure to the size, location and use that it had immediately before such damage or destruction occurred is permitted in only situations where the damage or destruction is caused by violent wind, vandalism, fire, flood, snow, mold or infestation. Such a restored nonconforming structure may be larger than the size it was immediately before it was damaged or destroyed only to the extent necessary to comply with applicable state or federal regulations.
2. Structures with a footprint in the setback area of lots that otherwise conform to the area or spatial requirements in effect when the lots was created can be removed, replaced, repaired, maintained, renovated and remodeled.

D. Nonconforming Lots.

1. Structures located on nonconforming lots where the structure is also nonconforming can be removed, replaced, repaired, maintained, renovated and remodeled. The structure's footprint may expand as a result, so long as the expanded footprint encroaches no further into the public road right of way area, side or rear setbacks, and the resulting structure's appearance will be neither inconsistent with, nor atypical of, similarly purposed and existing structures in the neighborhood, and consistent with any measure of nonconformity of such other structures.
2. Structures with a footprint on the effective date of this Ordinance located in the setback area of a lot and that conformed to the area or spatial requirements in effect when the lot was created can be removed, replaced, repaired, maintained, renovated and remodeled. The structure's footprint may expand as a result, so long as the expanded footprint encroaches no further into the public road right of way area, side or rear setbacks and the resulting structure's appearance will be neither inconsistent with, nor atypical of, similarly purposed and existing structures in the neighborhood, and consistent with any measure of nonconformity of such other structures.

Section VII: Board of Appeals and Variances.

A. Board of Appeals. The Board of Appeals is hereby established in accordance with §§60.62, 61.35 and 62.23, Wis. Stats.

The Town Chair shall designate one of the members Chair of the Board of Appeals. The Town Clerk shall serve as Secretary of the Board.
3. The term of office of the members of the Board shall be for three (3) calendar years, with no more than two terms expiring the same year. The term of the alternate shall be for staggered terms of three (3) years. Annually, the Town Chair shall designate one of the alternate members as first alternate and the other as second alternate. The first alternate shall act, with full power, only when a member of the Board refuses to vote because of interest or when a member is absent. The second alternate shall so act only when the first alternate so refuses or is absent or when more than one member of the Board so refuses or is absent. The Board of Appeals shall have the duties, responsibilities and authority, and shall follow the procedures set out by the Wisconsin Statutes.
4. The Board of Appeals shall adopt rules for its government and procedure, in writing or by vote at a meeting. Meetings of the Board of Appeals shall be held at the call of the Board of Appeals Chair or, in his or her absence, the acting Chair may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public.
5. The Board of Appeals shall keep minutes of its proceedings showing the vote of each question or, if a member is absent or fails to vote, indicating such fact. It shall keep records of its examinations and other official actions, all of which shall be immediately

filed in the office of the Town Clerk and shall be a public record.

B. Appeals. Appeals to the Board of Appeals may be taken by any person, including a Town official, with a grievance who is affected by any zoning decision of Town officials (but this provision may not be used to appeal decisions of the full Town Board).

1. Appeals shall be made within 30 days of a decision having been made by such Town official.
2. The person wishing to appeal shall submit their appeal in writing to the Town Clerk. The written appeal shall include evidence, if any, and the basis and reasoning of their appeal. The written appeal shall include an address and phone number where the person can be reached.
3. Once an appeal is made to the Board of Appeals by submitting the written appeal to the Town clerk, the Town Clerk will transmit all written records that pertain to the decision to the Board of Appeals.
4. The Town Clerk shall schedule the Board of Appeals meeting to hear appeals within 30 days of a receipt of the written appeal request, or as soon as possible based on availability of the Board of Appeals members. The public shall be notified of the date, location and topic of the appeal by notice published or posted under Chapter 985, Wis. Stats. The person desiring the appeal shall be given written notice of the date of the hearing, either in person or sent by first class U.S. Mail to the address specified by the person in their appeal document.
5. A decision to allow or disallow an appeal shall be made, and written findings shall be given to the individual who files the appeal, within 30 days from the date of hearing.

C. Powers of the Board of Appeals.

1. To hear and decide any written appeals where it is alleged there is error in any zoning related order, requirement, decision, or determination made by a Town official in the enforcement of this Ordinance (but not to hear and decide decisions of the Town Board).
2. To authorize upon appeal in the specific cases such variance from the terms of this Ordinance as will not be contrary to the public interest owing to special conditions a literal enforcement will result in practical difficulty or unnecessary hardship. The spirit of the Ordinance shall be observed, public health, safety and welfare must be secured and substantial justice be done. Applications for variances shall be submitted to the Town Clerk by the owner(s) of the property, who shall call a Board of Appeals meeting as soon as practicable.
3. The Board of Appeals shall distinguish between area variances and use variances, and apply the appropriate standards for the type of variance which is sought by the applicant.

D. Decisions.

1. **Appeals.** In exercising the above mentioned powers the Board of Appeals may, in conformity with the provisions of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from. The Board of Appeals may make such order, requirement, decision or determination as ought to be made. To that end, the Board of Appeals shall have all the powers of the Town official

from whom the appeal is taken, and may issue or direct the issue of a permit. The Board of Appeals shall issue its decision in writing, with a copy to the Town Clerk and a copy to the applicant.

2. **Variances.** A decision to grant a variance is a decision to permit that which is otherwise prohibited by this Ordinance. The Board must find that an unnecessary hardship exists, that there are unique physical property limitations, and that there would be no harm to the public interest by granting the variance. The Board of Appeals shall issue its decision in writing, with a copy to the Town Clerk and a copy to the applicant.

No amendment may be adopted without a notice and hearing. If the recommendation is for a change in district boundaries, the Town Board shall also give written notice by mail to the owners of all land proposed to be rezoned and land within 200 feet thereof.

Prior to any enforcement action, except in the case of an emergency, the Town Board shall give written notice to owner of the property, describing the violation, and giving a reasonable time to comply with the ordinance. After such notice and such reasonable time, the Town Board may direct the Town Attorney to bring an action to enjoin, remove or vacate any use, erection, moving or structural alteration of any building or use in violation of this Ordinance.
